

gave nothing but a green signal. After the situation had been explained the Mayor assured the delegation that sufficient police will be on hand to prevent any sort of disorder.

'No Third Candidate,' Asserts President

WASHINGTON, June 14.—"There will be no third candidate. All the information I get is that I will be nominated on the first ballot with votes to spare."

"This was President Taft's answer today to a visitor who asked him in regard to a compromise candidate at the Republican national convention.

Friends of the president here said if he was not nominated he decidedly would oppose a compromise candidate. Senator L. Follette as compromise candidates. The president's opposition, his friends said, would be based on their attitude toward the courts and the recall of judges and decisions.

Some of Taft's friends said if he were confronted with the necessity of naming his preference for a compromise candidate, they believed he would turn to some man like Senator Root of New York or former vice-president Fairbanks of Indiana. It has become known that Fairbanks is the president's choice for chairman of the committee on resolutions.

Oklahoma Marshal Indulges in Battle

CHICAGO, June 14.—A hot battle between Grant Victor, United States marshal for the eastern district of Oklahoma, a Taft supporter, and L. G. Disney and Patrick Dore of Westville, Okla., Roosevelt adherents, took place today at the Republican national committee today, just after the hearing in the third Oklahoma district contest.

Scores of politicians and spectators who had gathered at the entrance of the committee's room to watch results of decisions witnessed the conflict and several men aided detectives in separating the combatants.

In the committee room previously, Francis J. Heney had asked that Victor, holding the endorsed position of the committee, be excluded from voting on the case because of his personal interest in it. The suggestion was not put to a vote. Victor, however, retired.

On the remarks were made about the Oklahoma case, Disney and Dore indulged the claims of the Roosevelt faction. It was then, according to Disney, that Victor struck him. Dore ran into the fray and Victor was put on the defensive.

Victor, however, was not alone. He is nominated, Maryland electors will vote for him in the electoral college. That point is settled definitely."

The statement was made by Colonel Edward W. Strickland of Baltimore, chairman of the state delegation, which arrived on a special train today.

The biggest surprise of this convention to the Taft forces will be the way the majority of the Southern delegates will go," continued Colonel Carlington. "I now hold sufficient dependable assurances to state that the Roosevelt strength with those Southern delegates has been vastly underestimated by the Taft campaign managers."

S. G. Smith, of West Virginia, one of the delegates who is strongly pro-Roosevelt, declared that he would place the name of William H. Clegg before the convention for Vice-Presidential nominee of President Taft was renominated.

Hughes Out of It; Says So Himself

NEW YORK, June 14.—Associate Justice Charles E. Hughes, of the United States Supreme Court, passed through this city yesterday on his way from Washington to the Adirondacks, where he will spend the summer.

To friends he who spoke to him here today in Chicago regarding the possibility that he might be made a compromise candidate for the presidency by the Republican National Convention, he said that he was entirely out of politics and would not permit the use of his name under any circumstances and that this must be regarded as final.

'Political Piracy,' Is Cry of Committee

SAN FRANCISCO, June 14.—The State Republican Central Committee sent the following telegram to Governor E. P. Taylor, chairman of the National Committee, at Chicago:

"The Republican State Central Committee of California denounces your shameful attempt to snatch two Roosevelt delegates from the hands of the 7,000 voters. Every decent Republican in the state, be he for Taft or for Roosevelt, is astonished at the political piracy. The election of the entire Republican delegation is a foregone conclusion in the state of California. There was no contest of any sort. Taft committee members and Taft newspapers accepted the result and the Republican press and publicity there could be no honest contest."

"A fictitious controversy was created merely to give the Taft faithful an excuse for their own selfish and unbecoming conduct. All Republicans in California are disgusted with your conduct and renounce them. We prosecuted and prosecuted men for those thefts in California and we will prosecute and prosecute them in the state of California."

California delegates Governor Johnson and

considered at a meeting of the executive committee of the State Central Committee. Since the committee was then Governor Johnson was elected the State Central Committee has been controlled by the Lincoln-Roosevelt League of state

TELEPHONE RATE FIXING CONTINUED

Hearing of Testimony to Resume by Council Next Wednesday.

Hearing of testimony on the fixing of telephone rates will be continued by city council this morning and will probably on certain phases of the subject still being investigated by the council. The officials of the company will be questioned Wednesday as to income revenue under the present rates.

TOFFELMIER IS TO HAVE A RECOUNT

L. J. Toffelmier was granted his petition for writ of mandamus compelling San Leandro board of supervisors to recount votes cast during the election on April 3 last, by Superior court judge, five days after questioning Wednesday as to income revenue under the present rates.

Toffelmier was granted his petition for writ of mandamus compelling San Leandro board of supervisors to recount votes cast during the election on April 3 last, by Superior court judge, five days after questioning Wednesday as to income revenue under the present rates.

Mainfriff set forth in his petition Mayor J. J. McElroy and J. J. McElroy, sitting as judge, on April 13, had held an illegal meeting and therefore the count was illegal. Further said that he had received and more legal votes than were allowed to have been accorded Schmidt, a contestant who was declared elected to town trustee.

THROWN FROM BICYCLE AGAINST MOVING TRUCK

J. Votto, 235 Fifth street, was riding a bicycle along Seventh street last night when he came in contact with the front wheel struck a brick, thrown from the rider into the path of the Southern Pacific train. He was thrown to the receiving hospital, where doctors pronounced a number of broken bones.

HOFFMAN NOT INJURED

BERKELEY, June 14.—The presence of John L. Hoffman, 7101 Broadway street, it was stated today that he had been thrown from a bicycle on the San Francisco police as riding

MOTHER OF GIRL FORGIVES BRYANT

"I'll Forgive You," She Says
to Young Capitalist, Who
Is Released.

(Continued from Page 1.)

Dunsmuir and taken from the train shortly before midnight while seated in the observation car.

Both Bryant and Miss Nichols agree in declaring that the girl was going with Bryant to visit her father, a wealthy automobile dealer of Portland, whom she had not seen since a small child, and from whom her mother was divorced.

Bryant is a young capitalist and vice-president of a well-known San Francisco business firm. On the trip to Portland, he left his wife with his grandfather at his home, at 1233 Guerrero street. Bryant is 25 years old.

"My intentions were absolutely honorable," declared Bryant. "Miss Nichols asked me to take her with me on the trip north that she might visit her father. She feared that if she told her mother Mrs. Nichols might refuse her permission. I did not desert my wife, and it was generally known among my friends that I was to take her with me. I have also been told that Miss Nichols was 18 years of age, and that she was not Mrs. Nichols's daughter, and she was very anxious to go to visit her father."

Bryant and the girl were brought back from Yreka by Inspector F. J. Flynn yesterday afternoon. On the agreement over the matter, Bryant paid a portion of the expenses of sending for him and bringing him and the girl back to Oakland.

CHICAGO UNION CAUSE OF FIGHT

SAN FRANCISCO, June 14.—After a night's campaigning, in which Eastern and Western delegates were opposed, both factions in the International Stereotypers and Electrotypers' convention, in session here, claimed victory in the fight over the proposed reinstatement of the Chicago union.

The convention decided yesterday in executive session to settle the question on the floor of the convention today. L. P. Straube of Chicago is leading the fight for his union, which was read out of the national organization by President James J. Freal for participation in the War Emergency strike. He is opposed by the officials of the union and by J. F. Frey of Indianapolis.

The stereotypers' banquet at a local restaurant last night was attended by 800 delegates to the convention. Aside from the menu the speech-making was interesting, and timely and the toasts witty and appropriate. The chairman of the convention committee, Emil M. A. Dingel, acted as toastmaster, and among those who responded were James J. Freal, international president; Will J. French, of the San Francisco Typographical Union; Charles A. Sumner of Kansas City, vice president of the International Stereotypers and Electrotypers' Union; John Hogan, international vice president of the Photo Engravers' Union; and P. H. McCarthy, former mayor of San Francisco.

P. E. Bowles' residence, Rock Ridge Park, 10 acres—Assessed by county for real estate on basis of \$4000; conservative value, \$120,000.

Respectfully submitted,
ED. B. WEBSTER,
Accredited delegate to the Alameda County Civic Association.

Gorman, who is an assistant cashier of the Union Savings bank, whose holdings were among those attacked by Webster in his report, after reading over the document headed it to F. L. Shaw, vice-chairman; Dr. Clow, secretary, whose name also appears in the list as holding property which is undervalued, and R. E. Hummel, treasurer. He then seized the report and with it in his hand, before its reading to the association members, declared that by it he and other members of the executive committee have been personally and deliberately insulted.

WEBSTER CALLED "DISTURBER."
"This is a deliberate slap at your chairman," Gorman declared, holding up the report. "Webster, who is a disturber of the peace, has attempted to discredit the chairman of this association and to cast suspicion on his motives and that of other members of the executive committee."

Gorman then angrily withdrew from the president's chair, calling upon F. L. Shaw, vice-chairman, to take his place. Gorman then left the meeting, leaving Shaw in charge.

Shaw, in Gorman's absence, then read in detail Webster's report, pointing out upon individual items in it. He repeated the contents of Gorman, denying that there was any effort on the part of the executive committee to keep the affairs of the association a closed forum.

This committee is composed of H. N. Gard of the Chamber of Commerce, chairman; W. A. Wann, Progress and Prosperity Committee of the Chamber of Commerce; F. L. Shaw of the Santa Fe Improvement Association; Fred L. Reed, of the Progress and Prosperity Committee of the Chamber of Commerce; R. E. Hummel, of the United Improvement Clubs; John W. Phillips, of the Manufacturers' Committee of the Chamber of Commerce; and Dr. J. H. Pond, of the Thirteenth Avenue Improvement Club.

DENIES INTENT TO INSULT.
Webster then asked for the floor and declared emphatically that he had meant no personal insult to Gorman or anyone else, but was solely after a square deal.

"The motto of this organization has

been declared time and time again to be 'a square deal,' he said. "Other representatives of the club have at various meetings presented instances of property which was not equally assessed, in my report I am only doing what others have done. As I stated in my report, which I gave in to be read to this organization, I instanced certain cases of undervaluation. I did not try to select the Union Savings Bank property for an example, because Mr. Gorman is one of the cashiers, but because I happened to know the property came in that class. That case came in with others like it."

"The figures given in that report are conservative ones, too. They are not my personal figures, but were prepared for me by an expert."

TAKES FLING AT METHODS.
Webster then severely criticized the existing methods of taxation, reading eleven sections prepared by him, suggesting methods for the improvement of the methods. Doctor Clow and others took Webster's remarks as attacks on the methods employed by the Civic Association, and Clow threatened to resign from the organization. Webster's further assertions that everything was considered in closed session by the executive committee before it came before the organization, was indignantly denied by Gorman, who had returned to the floor, and others, and demands that Webster be bodily ejected from the meeting were made.

Gorman, to restore quiet, offered a resolution that the disputed assessments be considered again, but this was unanimously defeated. A resolution made by W. E. Sansome of the United Improvement Clubs, expressing entire confidence in the integrity of Gorman and the members of the executive committee, was also unanimously carried.

Doctor Clow demanded that Webster apologize for his assertions which the latter refused to do. W. A. Wann, member of the executive committee, after consultation with Webster, stated that the latter had not meant to criticize the methods employed by the Civic Association, but that his criticism had been primarily directed against the methods employed in the county.

"I had absolutely no intention of personally insulting Gorman or Doctor Clow or any of the other members of the executive committee. I was only after a square deal, which the association is supposed to stand for."

"I have had a suspicion of dual dealings among the officials of the organization, however, and have it from one of these officials that matters must first go to the committee in closed meeting for consideration before they are allowed to be considered by the organization."

"In a thing like this we don't work hard enough to get to the underlying motives of such an organization. I have heard on good authority that there are big interests behind this movement that have said to the Civic Association and stir up things over the assessments, but don't pay any attention to our holdings. Just slide over them."

"Now, I am opposed to star chamber sessions of organizations and want to have a square deal in this thing. That is all."

SUSPECTS "DUAL DEALINGS."
"I had absolutely no intention of personally insulting Gorman or Doctor Clow or any of the other members of the executive committee. I was only after a square deal, which the association is supposed to stand for."

"I have had a suspicion of dual dealings among the officials of the organization, however, and have it from one of these officials that matters must first go to the committee in closed meeting for consideration before they are allowed to be considered by the organization."

Just slide over them."

"Now, I am opposed to star chamber sessions of organizations and want to have a square deal in this thing. That is all."

Arthur W. Evans, one of the three Southern Pacific employees arrested on charges of defrauding the coming by falsifying tickets sold in Melrose to various points in California, pleaded guilty before Judge Mortimer Smith this morning and asked for probation. The case was continued to June 21 for sentence, and the probation officer was asked to investigate and report by that time.

Evans, who is said to have been the leader of the trio, induced P. J. Purcell and Frank R. Lindsay to join him in the plan. Two of the men worked in the auditor's office, and added, it is said, in falsifying the records, that the "grat" might not be discovered.

CONDUCTOR PLEADS
GUILTY TO FRAUD

William Dutra and Bert O'Brien, two San Leandro youths who pleaded guilty to having assisted Manuel Joseph in robbing Conductor Henry J. McCreedy of a San Lorenzo street car on March 13 last and sharing in the division of \$300 spoils, were each sentenced to serve four years in state's prison today by Superior Judge Ellsworth.

Dutra, through whose testimony Joseph was convicted and sentenced to serve ten years in San Quentin a week ago, asked that he be sent to Folsom and his request was granted. When O'Brien stood up to have sentence passed on him, the prisoners' cell, beckoned Deputy District Attorney Carey and requested that this third member of the trio be not sent to the same prison, so O'Brien was also sent to San Quentin.

In passing sentence upon the two youths Judge Ellsworth took occasion to remark that it was unfortunate that there is not some intermediate institution where boys of Dutra's class may be confined for their first offense.

"It seems a pity that there cannot be some means of segregating boys of this class from younger boys without sending them to state's prison," said the court.

"But I believe the influence of boys the age of Dutra over younger ones would be bad, so I will have to impose a prison sentence. If boys of this class should be placed upon probation it would be disastrous to the community in the way of holding forth an inducement for others who are inclined along criminal ways."

Deputy District Attorney W. B. Smith, who was largely instrumental in obtaining admissions from Dutra and in the conviction of Joseph, recommended that the report of the probation officer against the pair be upheld and the court announced itself accordingly.

Dutra received his sentence in a non-chalant manner. He abruptly thanked the court and turned away. O'Brien made no comment and passively joined the other prisoner.

It was brought out during the hearing that the trio had planned the robbery of the Bank of San Leandro at the instigation of Dutra and that they had been involved in numerous other robberies which were planned at the Nunes saloon on the outskirts of the town. They included the hold-up of a Japanese, the beating up of Mr. Victor, an aged man, from whom they obtained nearly \$10, and the robbery of several residences.

Rip Out Your Dress Shields—Fire 'Em Quick!

You Won't Need Them Any More—If You Use PERSPI-NO!

It's good-bye forever to dress shields. Good-bye to excessive unnatural perspiration of the arms. You can wear your weight of clothing or live in hot stuffy

No More Arm-Pit Perspiration and No More Dress-Shields. I Use PERSPI-NO!

rooms, but you will never again have your clothing in the arm-pits soaking wet from perspiration, or the heat and stuffy feeling, and have the colors run, if you use the new marvel, PERSPI-NO.

You can go to a dance, to the theatre, concert, or any social affair, feeling sure that you will not be bothered by the perfect misery because of arm-pit perspiration. PERSPI-NO is a powder, a simple formula, absolutely safe for anybody. Try it once, you will be convinced and surprised. You apply it with the wet which is packed with every box sold. PERSPI-NO is a wonder. You'll say so after using it once. Satisfaction or money refunded.

PERSPI-NO is for sale at your druggists at 25c a box, or sent direct, on receipt of price, by the Perspico Co., 276 Lincoln Ave., Chicago, for sale and recommended by All Good Dressing Sales.

RUSH PLANS FOR UNIVERSITY FETE

Santa Clara Institution's Celebration Will Be on Large Scale.

SANTA CLARA UNIVERSITY, June 14.—A splendid and large force of mechanics and laborers was kept busy all day yesterday in order to complete on time the vast amount of details on stage, arches and other temporary structures specially built for the annual summer celebration at Santa Clara University.

By Saturday the Mission town will be radiant with decorations. Communications received from the Y. M. I. headquarters in San Francisco show that 130 members of that fraternal order will come to Santa Clara by special train on Sunday morning.

The Y. M. I. councils which will be represented are as follows:

At the Santa Clara University commencement made by President James P. Morrissey, S. J., the degree of LL. D. will be conferred on Supreme Court Justice William G. Loring and Curly M. Enderly, president of the State Bar Association, both members of the Santa Clara Alumni.

Judge Loring is the chairman of the Santa Clara University reception committee.

During the historical tableaux, besides the choral music of professional voices, there will be vocal solos by Miss Helen Peters of San Francisco, who has won laurels on the grand opera stage in Europe and America and who enjoys the rare distinction of having sung, by special command, before King George V and Queen Mary of England.

For the first time the original song entitled "Santa Clara," the music of which was composed by Professor Earl Towner of San Jose.

An Invitation

The public is invited to attend
a musicale given by the
Girard Piano Co.
at their store
1431-35 Broadway,
Saturday Evening, June 15th;
at 8 p. m.

Miss Alice J. Davies the gifted young
Violin Soloist, assisted by a well-known
New York player-pianist will render sev-
eral modern, classical and popular selec-
tions.

The wonderful possibilities of the
player-piano will be demonstrated when
played with other instruments, as in ac-
companiment.

As an additional entertainment, a few
solo records by Caruso and Tetraxini will
be played upon the Victor Victrola, accompanied
by a piano soloist on a Lindeman Grand Piano.

No admission fee charged

Girard Piano Co.
1431-35 Broadway

Fisher, W. H. Winterberg; medicine, Mrs. A. A. O'Neill, R. B. Tupper, P. H. Luttrell, W. H. Banks, A. S. Adler and G. D. Lyman.

INTEREST IS HIGH IN 1915 EXPOSITION

European Countries Will Be
Well Represented at San
Francisco.

BERLIN, June 14.—The outlook as regards Europe's participation in the San Francisco exposition in 1915 is highly gratifying, says Chief Director Frederick J. V. Skiff, who is in Berlin conferring with the head of the German permanent exposition commission and other officials. "In all the countries I have visited," said Skiff, "there is a keen interest in the exposition to be deep and widespread. Here, as in London, Paris and Vienna, I am bombarded with requests for information about the enterprise and with inquiries regarding floor space, transportation and the method of installing exhibits. "I do not expect to get immediate replies to our invitations from all leading powers, but France, Italy and Spain have announced their intention to exhibit, and from the way other countries are taking up the question we are justified in feeling confident of a large European representation. In business circles here, it is said that Germany practically certainly will take part officially in the exposition, in spite of the prevailing disinclination to participate in further enterprises of the kind. Lately there has been a strong movement among the German merchants to discourage exhibitions of their products, on the ground that such affairs are becoming so numerous as to be a burden upon industry rather than a benefit to it.

ROMANCE ENDS IN DIVORCE COURT

Dolly MacGavin-Fry Begins
Suit, Alleging Husband
Deserted Her.

SAN FRANCISCO, June 14.—The marriage of Douglas Fry and Miss Dolly MacGavin in 1910 was notable owing to the extreme youth of the couple. The finale of the love of school days has been sounded in court when Mrs. Fry started suit for divorce on the grounds of desertion. The couple have been separated since May 1911.

When Fry procured a license to wed, February 21, 1910, he was a year or so under age. The marriage was performed by a Justice of the Peace. When the parents of the bride learned of the marriage they insisted that a religious ceremony be celebrated at the residence, Rev. George E. Renison, rector of St. Paul's, officiating. Mrs. Douglas Fry is the daughter of Walter MacGavin and a sister of Drummond MacGavin. Six months ago Douglas Fry went to Lake county and has recently passed through an operation for appendicitis. He came down from Lake county a few days ago and will return today. He is the owner of the Fry ranch, between St. Helena and Napa.

MILITARY HONORS FOR ARMY AVIATOR

Lieut. Hazlehurst, Killed in Bi-
plane Fall, Buried in Na-
tional Cemetery.

WASHINGTON, June 14.—Lieutenant Leighton W. Hazlehurst, the army officer who was killed in the fall of a biplane on the government aviation field here Tuesday, was buried in Arlington National Cemetery with unusual military honors. Though the army regulations call for only a platoon of infantry for an officer of his rank, the entire garrison of Fort Meyer, consisting of the first squadron of the fifth cavalry, the second battalion of the third field artillery, the cavalry band, and every officer and enlisted man of the aviation corps were turned out. Orville Wright also attended. Lieutenant Hazlehurst's body was buried beside the grave of Lieutenant Selridge, the first United States army officer to give his life for the development of aviation.

WIFE OF PETALUMA JUDGE PASSES AWAY

PETALUMA, June 14.—Mrs. Sarah J. King, one of Petaluma's pioneer women, died here yesterday after a short illness. Mrs. King was a native of Ohio, 74 years old. She came to California in 1856. As Miss Sarah Finch she was married in Tehama county to Judge Nathaniel King and the children of the union are: Henry A. King, Mexico; Walter King, Stockton; Charles N. King, San Francisco, and Mrs. Edith Gibson, Petaluma. There are three grandchildren, Earl Gibson of Petaluma, and Edith and Everett King of Stockton. Mrs. King was the last and youngest of a family of children. She was a charter member of the Silver Spray Rebekah lodge and the Petaluma Woman's Improvement club.

FIVE FIREMEN HURT BY FALLING WALLS

SEATTLE, Wash., June 14.—Five firemen were severely injured by the falling walls of a two-story frame building in Ballard, a north-end suburb, when the building burned early today. The injured, all members of truck A, are: Captain J. R. Murphy, arms and chest crushed; Lieutenant A. J. Ford, head and neck crushed; A. S. Barry, truckman, leg and back crushed; C. E. Williams, truckman, bruised; Lawrence Drumsen, truckman, hand hurt. None of the injured men will die. The loss was placed at \$1,000.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than this. It is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough, cold, croup, or whooping cough, give it a trial and become acquainted with its good qualities. For sale by all druggists and grocers.

men's Strike Leads
to Action.

NEW ORLEANS, June 14.—An effort is being made to oust the chiefs of the International Printing Pressmen and Journeymen Union of North America from the fight at Chicago. Campaign against the union heads is open at the twenty-fifth annual convention at Rogersville, Tenn., June 15, according to members of the New York delegation, who arrived here tonight by steamer from New York.

ED BOYCOTT DECLARED OFF AT WESLEYAN

MIDDLETOWN, Conn., June 14.—The school board on the grounds at Wesleyan has been ruled by the men of the school, who voted to ask the women students to join with them in their refusal to attend at commencement. It is expected that the girls will accept invitation. The school was started at Wesleyan in 1837 and for the first fifteen years was a boys' school. Later the men of the school adopted the boycott of the boys' school of voting their dissent. The result was that three years ago the trustees voted to abolish the school in 1912, consequently the

young women who are to be graduated from Wesleyan in June will be the last to receive a degree from the Methodist institution. The boycott of the young women has always been faithfully carried out by the male students. So strong was the sentiment upholding it that a few years ago, when a senior dared to break the precedent, a mass meeting was called, which adopted a resolution severely censuring his action. As this is the last year of co-education the seniors thought it well to raise the ban and extend the olive branch to the girls.

MOTHER DISCOVERS SON IN SCHOOL AT PORTLAND

PORTLAND, June 14.—Diminutive Jack Moore, aged 9, was called from Ladd school yesterday. A woman awaited him. "My boy at last, thank God," she said as she took him in her arms, weeping. Jack looked at her and asked her why she was so changed. "I've worried night and day about you," explained his mother. Mrs. Moore expects to return to San Francisco with the boy this evening. No happier woman stopped amid the roiling scenes of Portland than this San Francisco woman, whose child was kidnapped by his father May 1, 1911, and from whose ill-treatment he was rescued by the juvenile court two weeks ago.

SPECIAL RATES FOR COUNTIES COMMITTEE

The Southern Pacific announces a special round-trip rate for the meeting of the Counties Committee, which is to be held in San Jose, June 21st and 22nd, under the auspices of the California Development Board. Tickets will be on sale June 20, 31 and 22 from all points in California at the round-trip rate of one and one-third regular fare. Final return limit June 24.

PEER THREATENS LABOR LEADER

"I'll Horsewhip You," Writes
Lord Davenport to
Ben Tillett.

LONDON, June 14.—The correspondence between a peer and a strike leader furnished a society sensation today. Lord Davenport, the chairman of the Port of London authority, wrote as follows to Ben Tillett, the strike leader, who threatened to get a gun and shoot his lordship. "My dear sir: I am told that you intend to shoot me. I regret that I cannot meet you at present, but should I do so I shall certainly horsewhip you for a mischievous scoundrel who ought to be shot." Ben Tillett replied: "My Dear Lord Davenport: I am in receipt of your letter and the promise contained therein I shall not shoot you on sight, not having promised you that service; yet if I do you may depend on me honoring the fight better than you and the other members of the gang that have honored yours I shall be outside the Mansion House at 12 and at the House of Commons in the outer lobby tomorrow. I shall call for 30,000 children and other victims of your sordidness and inhumaneness. Bring your whip. I shall take your size into account and your whip will depend upon nature's weapons. Come along, if you are not a scoundrel, dear Lord Davenport. Yours sincerely, 'BEN TILLET'."

History in the Schools.

It is seriously proposed in some States to strike history from the list of studies taught in the primary schools. It is argued that the history taught, particularly local and national history, is not history at all, but a twisted and distorted narration of events written to flatter national pride and develop patriotic sentiment. Such a system of teaching, it is claimed, does not inculcate true knowledge, does not promote efficiency of any kind, and clutters up the mind with myths and fables instead of enlightening the understanding with the lamp of truth.

It is unhappily too true that much which passes for history in the primary schools is a farrago of perversions and misrepresentations. As a fact, history is a branch of knowledge that cannot be learned or rightly taught in the primary schools. We have seen university graduates who did not really know anything about history, and what is more did not care a straw about it. They had no taste for history reading or historical study, and came out of college with confused impressions respecting the salient events in the record of the human race, and no definite ideas of the relation of those events to each other, or to the progress and development of nations; they had never tried to ascertain and correlate the facts of history, nor to get epochs and periods, still less names and dates, fixed in their minds. Many of them cannot tell what century even the Thirty Years' War was waged in or what were the underlying causes of that dreadful struggle; what momentous change in the routes of commerce the voyage of Vasco da Gama around the Cape of Good Hope brought about, or what connection it had with the decline of Venice and the other trading states of Italy; the effect of the revocation of the Edict of Nantes on European politics; what great principle of government was settled when William of Orange was seated on the throne of England; why the partition of Poland was agreed upon by the nations of Europe as a measure of public safety; why England and Holland joined the Emperor against France in the war of the Spanish Succession, or what brought about many of the great turning points of history. All they have is confused impressions of battles and sieges and intrigues in which kings, churchmen, famous generals and celebrated statesmen figured without any idea of the why and wherefore, or what resulted therefrom.

History cannot be taught, especially to children in schools. It must be learned, not from school books, but from a general course of reading and an intelligent study of conflicting authorities. Nearly all histories have defects of one sort or another. However honest and fair the intentions of the historian, his work will reflect some bias or prejudice, some fault of character, some defect of education, some neglect of investigation, or some color of preconceived notions. His facts may be straight and his conclusions wrong, or he may ascribe the phenomena of human action to other than the real causes, may magnify incidents of minor importance or minimize events and movements that exercised a determinative influence at crucial stages of history. No one man can be relied upon to write a perfect history. Historical knowledge can only be acquired by reading, studying and comparing authorities. It cannot be taught or learned like grammar or mathematics. Only those who love it will really learn it, and the task of learning it they must do for themselves. They may be taught in schools how to study, how to reason and how to analyze and many values, but the learning itself cannot be taught—it must be acquired, and it can only be stored in a mind receptive to it.

It is a waste of time to try to teach children from histories which partake of the frivolities of fiction, and which are compiled to form impressions inconsistent with the truth, and whose authors were actuated more by a desire to inculcate patriotic sentiments and their own prejudices rather than spreading information. Still it is a serious question if it be wise to entirely eliminate history as a course of study in the schools. It is essential that the young be given some instruction as to the sequence of historical events and the influence they had on the destiny of nations. School histories are notoriously defective in perspective and analysis, often grossly incorrect and frequently sentimental and tinged with romance; but these are faults to be remedied as far as possible. The remedy is not to discard history altogether as a school study, but to provide text-books that give the outlines of history drawn with intelligence, honesty and with a sincere desire to correctly inform the budding student. Every child cannot be expected to be a historian, a statesman or a philosopher, but every child should be required to learn something of the movements of mankind in the past, something of the record the race has made in the evolution of civilization.

At the age of 66 Dr. Harvey W. Wiley has become the father of a bouncing baby boy. Pure food will tell.

The Constitution an Issue.

It is a significant sign of the times that the New York Republican convention which lately assembled at Rochester should have deemed it necessary to reaffirm the attachment of the Republican party to the Federal Constitution and the principles set forth in the Declaration of Independence and the Bill of Rights, and that Theodore Roosevelt should have denounced the platform as "rank reactionary Bourbonism." For obvious reasons the first Republican National Convention that assembled deemed it necessary to make such a declaration. The attitude of the Republican party toward the institution of slavery and its spread in the territories, coupled with the vehement attacks the Abolitionists were making on the Constitution, made it politic for the new party to expressly assert its loyalty to the Union and the Constitution and its fidelity to the fundamental principles on which the government was founded. Why, it may be asked, has a Republican convention felt called upon to renew this expression of loyalty to the Constitution, the Bill of Rights and the Declaration of Independence? Colonel Roosevelt might properly have characterized the platform declaration as mere clap-trap, but when he pronounced it as "rank reactionary Bourbonism" a new complexion came on the matter. The declaration becomes pertinent, and, coupled with Colonel Roosevelt's statement, raises an issue of vital proportions in the campaign.

To Those Leaving Oakland on Vacation

THE OAKLAND TRIBUNE is pleased to announce that it will be closed for the summer months. All subscriptions should be paid up by June 15th. The paper will resume publication on September 1st.

"Shame on You, Henry, to Spoil This Beautiful Day by Using Such Language!"

—CLEVELAND PLAIN DEALER.

More Sins of the S. P.

The Bulletin says the recent emeute at San Quentin was merely a "progressive" demonstration or effort on the part of the inmates of that institution to get "the reforms to which they are entitled." These reforms are not enumerated by the Bulletin, but they can be summarized as no work and Palace hotel fare and liberty to come and go at pleasure. All the inmates of San Quentin are believers in personal liberty and are "progressive" in their views regarding the rights of property and administration of the laws. They believe in the recall of both judges and decisions. In these views and demands they have the sympathy of the Los Angeles Tribune, which says "the Southern Pacific machine is responsible for the tortures inflicted on the prisoners confined at San Quentin and Folsom." It intimates that the prisons at San Quentin and Folsom were built under the direction of the Southern Pacific and were constructed specially to make confinement in them cruel and barbarous. The prison at San Quentin was built before there was a Southern Pacific, and the prison at Folsom was built forty years ago. The Los Angeles paper complains that "the cells at Folsom are so tightly constructed that the convicts are half suffocated in the heat waves that sweep over the Sacramento valley." The cells are built of granite and are so "tightly constructed" that convicts cannot escape from them. This feature is particularly objectionable to convicts, who will, no doubt, be surprised and indignant to learn that the Southern Pacific has caused them to be tortured and starved and that an enlightened and progressive sentiment demands that their wrongs be redressed. They are just beginning to learn that they have been unjustly confined and cruelly treated because they somehow incurred the implacable resentment of the octopus. What a reign of terror we have escaped from, to be sure.

George Wingfield, who was appointed by Governor Oddie to succeed the late George S. Nixon in the United States Senate, possesses the indispensable qualification of a Senator from Nevada. He is reputed to be the richest man in the State. But in addition to his wealth, he is a man of ability and is a bona fide citizen of Nevada. He resided in the State when he was poor and has stayed in it since he became rich. The Senators from Nevada have usually been residents of California. Senator Nixon was an exception. His residence and business interests were in Nevada long before he was elected, and now he is succeeded by a man who, like himself, made his fortune and has kept his residence in the State.

T. Coleman du Pont, the powder trust millionaire, is national committeeman from Delaware. Likewise he is a thick-and-thin Roosevelter. The spectacle of du Pont shouting in unison with George W. Perkins, Dan Hanna and Bill Flinn, that trusts and bosses must be downed is edifying. It shows how devious are the ways of politics.

FLAG DAY

By FRED A. CAMPBELL.

Flag of America! Flag of the free!
On this thine own day we pay homage to thee—
With your colors of red and of white and of blue
Our hearts bound with joy when our flag floats in view.

Thou emblem of liberty, inspiring, sublime,
Round each of our heartstrings thy glories entwined,
O long may the flag of this great Nation wave
O'er this country so grand and its people so brave.

Over our native land joyous and free
... all because the air of sweet liberty,
Wave the old flag on mountain and hill
With song and sweet music our loved country fill.

This is the day when all freemen shall stand
For one flag, one country, and one happy land.
And over our heads old Glory shall fly
Bright and unsullied as the stars in the sky.

So unfurl the old banner, the flag we love well,
Sing tidings of gladness, let loyal hearts swell,
Let songs and thanksgivings to Heaven arise:
God bless the best flag that floats under the skies.

VALUE OF CANDY

In five years, according to the census of 1910, there was an increase of \$17,700,000 in the value of candy produced in the United States. This was a gain of 64 per cent during a period in which the population of this country had grown probably not more than 4 per cent.

These figures show the enormous increase in the consumption of candy by Americans. Children will be pleased to learn that eminent medical authorities are now satisfied that pure candies are not injurious to the health if eaten in moderation. It appears that the drawback in permitting the child to eat unlimited candy lies in the absence of fat. "It," says Professor Robert Hutchinson, "the parent is warned to introduce sufficient quantities of the carbohydrates by insuring upon the use of butter and oils in the diet, the child may generally eat pure candy without detriment and even with distinct advantage."

This is useful information, but parents should still beware of the candy, and should not let their children eat too much of it.

WOMEN IN THE NEWS

FAIR LILLIAN'S EYE ON TOP ROUND OF SOCIAL LADDER

Present Mrs. Alexander P. Moore of Pittsburgh Has Social Ambitions.

PITTSBURGH, June 14.—With visions of social leadership looming big on the Pittsburgh horizon, Mrs. Alexander P. Moore, formerly Lillian Russell, is about to take possession of one of the famous old mansions, where years ago the dashing society belle, Virginia Knox and the bogus Count di Montecarlo, solemnized their tragic marriage.

The old mansion is to be redecorated and luxuriously furnished and a vigorous campaign has been planned by the fair Lillian for the fall social season.

During the last visit of Miss Russell to Pittsburgh prior to her marriage here yesterday Moore and his intended bride went house hunting. Miss Russell was taken with the rambling old structure which nestles high among the hills to the south of Pittsburgh, surrounded by a five-acre park.

For years the Knox mansion was the mecca of the fashionable world of Pittsburgh. It gained in popularity and the dashing Virginia, pet of society, was a leader in all of the gay festivities. She was wooed and won by Count di Montecarlo, an Italian of alleged noble birth. There was a magnificent wedding with a triple ceremony, one by a Catholic church dignitary, one by an Episcopal bishop and a legal marriage performed by the mayor of Pittsburgh.

The couple went to live in Paris and a year later the denouement occurred. The count was a fortune hunter without any distinguished family tree. The bride was prostrated and was sent to a sanitarium for treatment. Later she remarried.

HE QUITE FORGOT.

cerole, an Italian of alleged noble birth, a triple ceremony, one by a Catholic church dignitary, one by an Episcopal bishop and a legal marriage performed by the mayor of Pittsburgh.

The couple went to live in Paris and a year later the denouement occurred. The count was a fortune hunter without any distinguished family tree. The bride was prostrated and was sent to a sanitarium for treatment. Later she remarried.

"Mrs. Moore? Why, I don't quite get you," said the puzzled man. "Oh, you mean Miss Russell, you mean my wife. Why, to be sure, that is to say, you can't, because she isn't here."

"You know when a man's only been married a short time he is likely to forget it and that's exactly what I had done. I know what you mean now, all right, but I had quite forgotten that I was married. My wife is in New York, now, however, and I can't let you take her picture unless you go down there."

Takes Veil

NEW YORK, June 14.—Mrs. Gertrude Halle Lanman of Norfolk, Conn., who gave up a fortune of \$100,000 to become a nun, declares she has discovered a recipe for perpetual happiness. It lies, she says, in becoming "one of those who pray for others." Mrs. Lanman is the widow of William Camp Lanman and was prominent in New York society until last September. She attended her friends by turning everything worldly she had into cash, presenting it to the Catholic Order of Reparation and entering the convent of Marie Reparatrice. She will leave New York next week for the mother house of the order in Belgium for two years of study and devotional exercises preparatory to becoming a nun and receiving the black habit.

Sollars' Widow Sues

STOCKTON, June 14.—Mrs. Anna Sollars, widow of Charles Sollars, the local capitalist who was shot and killed by S. B. Axtell, yesterday filed a suit against Mr. and Mrs. C. Herbert for the cancellation of a contract made by her husband with the defendants in 1908. According to the terms of the instrument Herbert and his wife agreed to purchase a vineyard for which they were to pay \$1000. It is alleged by Mrs. Sollars that they took possession of the property and subsequently paid \$3000, after which all payments stopped. She alleges further that they refused to pay the taxes during the last two years. She seeks possession of the land and prays that the \$3000 be declared forfeited.

Wife Is Peevish

LOS ANGELES, June 14.—A peevish wife, a reluctant husband and a princely affinity with Trian hair are the principal features of a divorce action with San Francisco, Reno and this city as its setting. Mrs. Cora B. Colby has brought suit for a decree from Fred K. Colby, a local capitalist, with interests in San Francisco and other northern cities, and he is in Reno, where he is said to be establishing a residence with the object of instituting proceedings on his own account.

HAVE YOUR TICKET READ "BURLINGTON"

SPECIAL RATES EAST Very low excursion fares to Eastern cities will be made on special dates in April, May, June, July, August and September. The usual diverse route and stop-over privileges of the Burlington so as to include many of the important Eastern cities at the excursion fare, without extra cost. Season's Finest Wash Dress Values 2.95 and 3.95 Worth to 7.95

THE finest values in smart wash dresses we have shown all season—and most likely the best values in Oakland. Dresses so handsomely fashioned, with such careful workmanship, in such variety and of such quality that you would ordinarily pay 7.95 and feel well satisfied.

THE styles are unique and handsome—exceedingly smart, with all the touches of the season evident. Of linen, linene, gingham, rep, batiste, pique, chambray and figured lawn in colors of pink, blue, tan, lavender, light green, the popular white and numberless striped and figured effects.

FRINGED sailor collars, embroidery touches, novelty buttons, poplins, side revers, black patent leather belts and ties and pipings in contrasting colors, are some of the style touches. Sizes 14 to 20 for Misses—size 34 to 44 for Women.

25c and 50c "Loom-End" Ribbons at 15c Yard

—In weaving ribbons the looms sometimes run from 3 to 9 yards over the regular cuttings of 10-yard pieces. These "loom ends" are accumulated and closed out at the season's end at a mere fraction of their regular value—as in this sale.

—Includes 5 and 6-inch light and dark warp prints, pompadour ribbons, 6-inch fancy satin striped ribbons, heavy taffeta with fringed ends, 5 1/2-inch hair bow taffetas, 7-inch satins and 6-inch messalines. A wealth of colors.

SPECIAL! Men's 12 1/2c Socks at 8 1/2c

Our usual good quality of 12 1/2c socks in black, tan, navy, Burgundy, cadet, blue or green shades. Very special. (Women should note this sale if the men cannot attend.)

Note in Bottle

TACOMA, June 14.—While walking along the beach at Point Defiance June 4 Mrs. W. L. Zahner of Centralia picked up a bottle in which there was a note written June 4, 1908, just ten years to a day before it was found. The note was signed by J. Stewart, and stated that the bottle had been an adrift at Long Beach, N. B. W. Mrs. Zahner, who returned to Centralia yesterday, has answered the note.

As a further coincidence, while attending a meeting of the state grange at Puyallup June 6 Mrs. Zahner met Mrs. W. M. Chandler of Washington, Wash., who stated that she had a half-brother named J. Stewart, who left home years ago for Australia and from whom she had not since heard.

Mrs. Chandler believes the writer of the note in the bottle is her brother, and she has written him.

Wins Semi-Finals

PHILADELPHIA, June 14.—Miss Mary Brown of California defeated Miss Adelaide Browning of New York in the semi-final tennis singles by 2 sets to 1. Miss Eleanor Sears of Boston will meet Miss Brown in the final Saturday and the match will decide the championship.

WOULD SUCCEED LOCAL OFFICIALS

Three File Declarations of Intention to Run for Office.

Preliminary to the circulation of nomination petitions, which must be placed in the hands of the city clerk by June 15, the three candidates of the Socialists, Oakland, seeking to recall the Mayor, filed their declarations of candidacy with City Clerk Thompson yesterday afternoon. The three men are now in a position to place verification signatures in the field to obtain from fifty to 250 signatures to their nomination petitions to place their names on the official ballots.

declared themselves are Robert Vincent of 3801 Telegraph avenue, who will run against Mayor Frank K. Mott; Thomas P. Sheehan of 611 Forty-sixth street, who will run against Commissioner of Public Health and Safety Fred C. Turner; and John H. Bustice of 3412 San Pablo avenue, who will take the field against Commissioner of Streets W. J. Baccus.

Friends of John L. Davie, former mayor of Oakland, are urging him to file his declaration of candidacy and enter the race against Mayor Mott and Vincent. Davie, however, will make no statement at the present time and said yesterday he intended to wait a couple of days before deciding.

The name of Dr. Frank J. Jackson, Mayor Mott's opponent during the last municipal election, is being put forward as an opponent to Commissioner Turner. Doctor Jackson stated a few days ago that he intended to make an independent campaign to succeed Turner, but has not filed his declaration of candidacy.

The way to get a girl absorbed in a novel is to give her a box of candy to munch while she is reading it.

PIEDMONT NOTES

PIEDMONT, June 14. — Mr. and Mrs. Eugene Whitney have been the guests of Mr. and Mrs. J. H. Storer of Mendocino county.

Mr. and Mrs. S. Duck entertained at an evening of cards at their home on Highland avenue, Friday. The affair was in honor of Miss Mabel Radcliff.

Mrs. H. F. Brown, Miss Dolores and Miss Winifred Brown and Pledin Brown have gone for the summer to Applegate. Miss Hazel Brown will spend her vacation at Auburn.

Mr. and Mrs. Walter Logan of Oakland and Mr. and Mrs. Alex Jefford will spend their vacation among the mountains in Mendocino county.

Mr. and Mrs. Will J. Robertson and Milton Robertson are at their summer home at Idyllwild.

Mr. and Mrs. Walter D. O'Brien of Bonita avenue, will spend some weeks at Idyllwild in the Santa Cruz mountains.

Mr. and Mrs. H. Ramsey of Monte avenue and family are spending the season on their ranch in Mendocino county.

Mrs. M. J. McDowell, Miss Sadie E. McDowell and Miss Pauline Storer of Mesa avenue, will spend the month of July at their ranch near Mountain View.

Mr. and Mrs. C. Craigdon and Miss Charlotte Johnson will spend a few weeks camping in the Santa Cruz mountains, near Wrights.

On May 15, Kent Castle of Bonita avenue, and Miss Eloise Shoecraft of Berkeley were married at the home of the bride in Berkeley. The wedding was a quiet affair on account of the illness of Steven Castle, the groom's father. The happy couple are residing at the Granada apartments in Oakland.

Bernice Blair and Gertrude Straub entertained at a joint birthday party at the home of Mrs. W. Blair on Thursday afternoon from 2 to 5.

SANTA FE TO IMPROVE BOULEVARD AT ONCE

RICHMOND, June 14. — Much rejoicing is expressed in Richmond over the fact that at last the Santa Fe railroad is moving on its long deferred plans of paving and otherwise improving Ashland avenue, the splendid 100-foot boulevard traversing its land, which when completed and turned over to the city will connect the two sections of Richmond, the east and the west, and bring them rapidly into one.

City Engineer W. S. Farley received a request yesterday from Division Superintendent J. W. Walker of the Santa Fe company to forward at once plans and specifications for an asphalt pavement for this avenue, stating that it is the desire of the company to complete plans for the improvement of the street as soon as the track laying of the street railway now in progress is completed. This is in line with his promises to Mayor Owens last Saturday that the work would be commenced immediately and the thoroughfare opened for traffic the summer.

Engineers of the street railway company are now busily engaged in surveying for the removal of the tracks of the trolley lines to Ashland avenue, and the paving will be commenced by the Santa Fe at the time of the completion of this move. It is thought, also, that as soon as these improvements are finished the Santa Fe will proceed with the building of its new mission style depot at the junction of the new thoroughfare with Macdonald avenue, using the present depot site for yard purposes.

FOUR MEMBERS OF SAME FAMILY ELOPE

The marriage of Miss Warrenna Alice Rouse of 708 Thirty-fourth street to George Joseph Beecher in Sacramento, May 6, which was announced yesterday, is the fourth of a series of elopements in the Rouse family.

Miss May Rouse was the first in the family to adopt the elopement fad when she married John Paxson Moore, a wealthy ranch owner of Santa Barbara.

When William took unto himself a wife without any one in the family being consulted, a second marriage was recorded in the family, after which young Rouse became interested with his father in business in a fruit store in Eleventh street. The third to enter into the elopement game was Jennie Rouse, who made a secret flight into a matrimonial ceremony, avoiding the watchful eyes of her parents.

Mr. and Mrs. Rouse, the father and mother, were not inclined to discuss the matter yesterday, but said: "There is nothing remarkable about our daughter's marriage. She's just married. That's all."

DEFENSE IS GIVEN BLOW

Slip by Rogers Admits Story of How Mrs. Caplan Was Spirited Away

Wife of Dynamiter Hurried Into Nevada by Friends of McNamara

LOS ANGELES, June 14. — The story of how Mrs. William Caplan was escorted out of California and into Nevada by friends of the McNamara defense might have been excluded from the trial of Clarence S. Darrow for alleged jury bribing but for an eloquent, though needless speech by Chief Counsel Earl Rogers of the defense.

The prosecution was about to show by the evidence of a chauffeur yesterday how A. Johansson and O. A. Twitmore, San Francisco labor leaders, had been instrumental in taking away Mrs. Caplan, wife of one of the alleged Timmer building dynamiters, after she had been subpoenaed as a witness by the McNamara prosecution.

Judge Hutton had indicated his conviction that the state should withdraw Malcolm Louhead, the chauffeur witness, until it had established a connection between the San Francisco labor leaders and Clarence Darrow.

Then Rogers, spurred by a remark of Assistant District Attorney Ford, launched forth into a speech into the jury misfeasibility of the evidence in question. In the course of the address, however, Rogers said that it was not denied that Johansson and Twitmore were interested in the McNamara defense.

This probably inadvertent remark was fatal to the defense, for Judge Hutton immediately ruled that by reason of counsel's admission the testimony of the witness came within the rule established several times by the court regarding the inadmissibility of the evidence pertaining to the alleged acts of the defense in the McNamara case was admissible in the Darrow trial, as showing general conspiracy.

The testimony concerning the alleged spitting away of Mrs. Caplan was considered damaging to the defense, although it was contended by the latter that Mrs. Caplan could not have been used as a witness in a case in which her husband was a co-defendant.

George O. Monroe, clerk in Judge Bordwell's court where the McNamara trial was held, and the first witness in the Darrow trial, was recalled to the stand just before adjournment yesterday.

The entire morning session of the trial consumed in the introduction of documentary evidence. George O. Monroe, clerk of Judge Bordwell's court, was on the stand and he read from the minutes of the McNamara trial to show the drawing of all the jurors, alleged to have been approached corruptly by the McNamara defense. It was also shown through the witness that the McNamara trial was in session for five days after the argument for the plea of guilty was said to have been made.

The marriage of Miss Warrenna Alice Rouse of 708 Thirty-fourth street to George Joseph Beecher in Sacramento, May 6, which was announced yesterday, is the fourth of a series of elopements in the Rouse family.

These Prices for Saturday Only

The Best Day of Them All

SATURDAY, June 15th
The Last Day of Our ANNIVERSARY SALE

This week has been the GREATEST in our TWENTY YEARS' EXPERIENCE. We have planned Saturday as the greatest DAY of them all.

No doubt, you have visited us several times during the week, still you will find many items in this advertisement priced so temptingly low that you will want to visit an Owl Drug Store again on Saturday.

Our plan of celebrating our 20th Birthday has been a great success. If everyone was not waited on promptly, we hope they will understand that though we made great preparation for this sale, the business of this week was beyond our expectation.

We thank our patrons for helping us to make our 20th Birthday one long to be remembered.

STATE INSTITUTIONS UNDER DISCUSSION

CLEVELAND, June 14. — Public supervision and administration of various institutions toward which the conference was directed, was discussed in general

terms today by the national conference of charities and corrections. The report of the committee on this branch of the work, presented by H. C. Bowman, chairman, dealt with state institutions and the supervision and control of certain private institutions that receive state aid, care for the insane, for dependent children, or other mental help throughout the state.

C. F. MONTGOMERY IS ELECTED DIRECTOR

At a meeting of the board of directors of the Twenty-third Avenue bank, held yesterday, C. F. Montgomery, cashier of the bank, was elected a director to succeed Roland L. Oliver.

CAR CARRIED FROM
BENEFIT, June 14.—The car No. 211, owned by the city of Alameda and used for the purpose of carrying the bodies of the deceased, was carried to the city hall yesterday afternoon. The car was carried to the city hall by the city of Alameda and used for the purpose of carrying the bodies of the deceased.

SOCIETY

[illegible]

OAKLAND PATRIOTS HONOR STARS AND STRIPES

'OLD GLORY' IS SWUNG FROM HOUSETOPS

Grizzled Soldiers Gather at Idora Park for Pleasure and Patriotism.

Elks Meet There Tonight for New Ritual Commemorating Flag's Birth.

"Old Glory" is flapping from the house-tops of Oakland today in commemoration of its 135th birthday. Apart from the usual display of the Stars and Stripes, made more prominent this year by reason of the appeal of Mayor Mott, the day was observed fittingly by several patriotic, civic and social organizations.

Gray-haired veterans of the Grand Army of the Republic assembled at Idora Park with their wives and children and managed to merge pleasure and patriotism in a thoroughly satisfactory way. While the young folks romped and scampered all over the amusement park, their elders gathered for appropriate exercises in the open air auditorium, where the following program was enacted:

The soldiers were the guests of the Woman's Relief Corps of Lookout Mountain Post of Berkeley.

Introductory remarks, Mrs. Georgia Edelman, the president of the corps, the history of the flag, Mrs. Mary B. Wyman, patriotic instructor of the organization; song, "The Star-Spangled Banner," Mrs. Alma Brooks, address, Commander Olney of Lookout Mountain Post; address, Joseph Lawrence, department patriotic instructor of the Grand Army. There was a basket luncheon and games and races for the children during the afternoon.

D. A. R. RECEPTION.

The Daughters of the American Revolution were hosts at a social club this afternoon to several hundred guests who found their inspiration in the memory of Betty Ross and honored her memory with song and speeches. The decorations were particularly elaborate. The reception committee included: Mrs. S. A. Gage, Mrs. C. H. Waterhouse, Mrs. J. E. Kenison, Mrs. C. K. Lauterbach, Mrs. L. C. Cole, Miss Alice M. Flint, Mrs. F. H. Barnes, Mrs. Raymond Beach, Mrs. E. W. Marston and Mrs. William F. Kett.

Department Commander W. R. Thomas for the Department of California and Nevada of the Grand Army, accompanied by his staff and the "Boys' Choir" of Apomattox Post, were guests of honor at patriotic exercises at Los Gatos. Clinton C. Dodge of this city delivered the address at the Flag Day exercises at San Francisco.

ELKS AT IDORA.

The most impressive exercises will occur this evening at 8 o'clock when the Elks lodge at Idora Park will carry out the special ritualistic exercises recently instituted for this occasion by the Grand Lodge, No. 1234, of California. The exercises will be the singing and speaking, their themes all sounding the note of loyalty to the flag. The Elks lodge officers of the lodge will conduct the exercises, and Colonel J. K. Ritter, and the "White Oaks" drill team will furnish an interesting number on the program. The oration will be made by John McNab of Santa Rosa lodge.

ALAMEDA, June 14.—Flag Day is being generally observed in Alameda, flags flying from all public buildings and from many private residences. Tonight the Alameda Elks will hold an elaborate service in honor of the flag. The program will be as follows:

Overture, "College Medley," Platt's Orchestra; solo, selected, Charles Bullotti; introductory exercises, Elks lodge; officers; prayer, Chaplain S. M. Cohn; vocal solos, Miss Alice Claire Likly, (a) "At Dawning" (b) "O My Beloved America" (c) "The Star-Spangled Banner" (d) "The Flag's Record," David Elliot Martin; altar service, espouse and offer; vocal solo, Mrs. Berta Varcoe; American Overture, Platt's Orchestra; patriotic drama, "Wm. H. Donahue"; vocal solo, Miss Berta Arantz, "Dost Thou Know That Sweet Land," from opera "Mignon"; song, "America," audience, accompanied, Miss Lilla Forrester.

VETERAN EDUCATOR RETIRES FROM U. C. CARNEGIE PENSION FOR DEAN WICKSON

PROFESSOR E. J. WICKSON, DEAN OF U. C. COLLEGE OF AGRICULTURE, WHO RETIRES AT AGE OF SEVENTY.

Head of College of Agriculture Aiding Wheeler to Find Suitable Successor to Chair

UNIVERSITY OF CALIFORNIA, June 14.—The chief mission of President Benjamin Ide Wheeler in the East was explained today to the discovery of a man to fill the vacancy to be caused one year hence by the retirement of Dean E. J. Wickson of the department of agriculture. The resignation of Professor Wickson was announced yesterday afternoon with the budget of the department and is dated to take place in a year at the expiration of a leave of absence granted him by the regents.

Professor Wickson's intention to resign was reached by him some years ago, though the date was never definitely announced. Since that time he has been energetically assisting President Wheeler and the regents in the search for his successor, and is understood to have suggested the names of several possible men.

DESIRE TO RETIRE.

Professor Wickson will remain a professor in the agricultural department following his retirement from the deanship. He will also retain the editorship of the Pacific Rural Press. His resignation is voluntary and was arranged at his own request. Advancing age, the dean being over seventy years old, is understood to be the reason for his retirement. It is expected to be at the termination of his year's leave of absence.

Professor Wickson was graduated in the late 60's from Hamilton College, New York, with the degree of Master of Arts. A few years later he came to California and entered the University of California as an instructor in the department of agriculture, then and since the chief single department of the institution. His rise in the department was rapid until, due to the declining health of Dean E. J. Hilgard, his predecessor, he came to be acting head of the department.

APPOINTMENT FORCED.

The retirement five or six years ago of Dean Hilgard left the department without a head, though Professor Wickson was the logical candidate. The rumor gained ground that President Wheeler intended the appointment of a new man to succeed Professor Hilgard and was met with a storm of protest from all parts of the State. Farmers' organizations, agricultural societies, alumni and many others protested against the proposed slight to Professor Wickson and demanded his appointment. For many months this appointment was held in abeyance, Professor Wickson doing the work of the deanship but receiving neither the title nor the emoluments incident thereto. The pressure finally became so strong, however, that his appointment was practically forced by public opinion.

He was formally appointed dean four years ago and since that time the department has made steady strides forward under his direction. The Imperial Valley experiment station has been established, as well as a number of other branches of the university through the state. Farmers' Institutes have been generally established and have made notable accomplishments. The agricultural demonstration train has been instituted and has made yearly trips through the state with a considerable educational result. Other notable results have been obtained under his direction in connection with the increase of yield of beans, wheat and cereals and many other branches of husbandry.

WIDELY KNOWN AUTHORITY.

Professor Wickson has become widely known as an authority on agricultural subjects and his contributions to the literature of agriculture having established his standing throughout the world. He has edited the Pacific Rural Press for some years until it has come to be the leading agricultural publication of the coast, his standing well among other similar publications of the country.

During his leave of absence Professor Wickson will be entitled to his full salary of \$4000 a year. Subsequent to his retirement he will be entitled to recognition upon the Carnegie Foundation.

(Continued on Page 14, Col. 2)

BOARD WINS INJUNCTION SUIT

School Directors May Now Enter Into Contract for Desks.

Judge Wells Says That Courts Should Not Be Called on in Such Cases.

Without comment upon the testimony submitted, Superior Judge Wells late yesterday denied the injunction asked by the A. H. Andrews Company to restrain the board of education from completing its contract for the purchase of school desks from the C. F. Weber Company. Through George A. Waterbury, a salesman for the Andrews company, suit was filed three weeks ago following an alleged illegal proceeding on the part of the board members in awarding the contract without sufficient investigation of the respective quality of material offered.

At the outset of the hearing the court stated that he would listen only to testimony purporting to show that the matter had not been gone into and would disregard any attempt to draw a comparison between the respective desks offered, deeming that the board is amply authorized to pass upon what supplies are necessary for the department. Judge Wells expressed himself as being adverse to the courts being used for settling matters that should be left entirely to the discretion of the board of education and ruled that unless it be shown that the members had actually made the award outside of the proper procedure the contents of plaintiff could not be upheld.

SCHOOL BOARD TESTIFIES.

Different members of the body were placed on the witness stand as was Superintendent of Schools McClymonds and Assistant Superintendent R. B. S. York. An effort was made by the attorneys for plaintiff to show that according to the minutes of the board meetings the contract had been practically set on May 3 through resolution of the committee on school supplies and that the desks had not been inspected by all the members of the board between that time and May 16, when the contract with the C. F. Weber Company was formally entered into.

Miss Annie Florence Brown, the woman director on the board, testified that while she had been present at every meeting of the board, she had heard nothing about the intended contract until it came up for passage and that she had then voted in the negative for the reason "that the resolution was a report of the committee on school supplies and that she did not know that the matter had been in any way decided and for the further reason that she did not believe the desk authorized purchased to be the best of the several samples submitted. If made illegal inquiry and found that each of the different patterns were looked upon with favor by different principals and determined for my own part that one or two of the styles were not the kind that should be used extensively in the department. For that reason I felt that all of them should be tested by actual use before a contract was made."

Miss Brown stated that the report of the committee of the board had been prepared in the superintendent's office and that it had not been submitted to her to sign.

H. S. Fairchild, a member of the board, testified that he had been practically assured that the contract would be awarded the contract and that much to his amazement the vote of the board went against him.

CHARGES DENIED.

Whether or not the minutes kept by the board contained a full and accurate account of the board's proceedings was also questioned by the plaintiff, who sought to show that the minutes of the meeting held on May 3 contained a list of the awards, when in reality the awards had not been made until May 16. For that reason, they pointed out, there had evidently been a "frame up," declared Attorney Pringle, but his contention was disproved by Secretary McClymonds and Judge Wells, who went over the records. The matter was then dropped.

Dr. A. S. Kelly testified that he had made a thorough investigation of the different desks as did the other members of the board with the exception of Director Harry Doyle, who was out of the city at the time.

The evidence was sufficient to satisfy the court that the members of the board had conducted the proceedings in due form and had decided upon the desk they believed to be the best, so when both sides announced that they rested the case at the conclusion of the evidence, Judge Wells denied the injunction. By this order the board is now enabled to enter into contract with the C. F. Weber Company.

The board of education was represented in the contest by Assistant District Attorney W. H. L. Hynes, Deputy District Attorney Walter J. Burpee and Attorney E. S. Heller while Attorneys R. H. Kimball and J. R. Pringle appeared for the plaintiff.

CLUB WOMEN TO SEE GREAT BIENNIAL

Delegates Coming From Canal Zone and Manila to Meet in San Francisco.

East Bay Cities Will Be Hosts Oakland Day to Thousands of Visitors.

The clubwomen of the state are turning their attention from the troubles of the G. O. P. to the biennial convention of the National Federation of Women's Clubs, which convenes soon in San Francisco.

The afternoon of July 2, the seventh day of the convention, will be devoted to the interests of the East Bay cities, and is expected to prove one of the interesting features of the great gathering. On that day the hosts of visiting delegates will be entertained in this city at Mosswood Park. Mayor Frank K. Mott and the city council have come to the assistance of the clubwomen financially, and the entertainment will be representative of the city's far-seeing hospitality. The various civic and social organizations of Oakland, Berkeley and Alameda are expected to unite in presenting Oakland at its best advantage in the eyes of the fair visitors.

Greetings have already commenced to pour in to the federation board from Manila, the Canal Zone and far Eastern states, declaring that the delegates were on their way. The president of the Massachusetts Federation writes: "Even California will be overwhelmed by the number of clubwomen attending the biennial, because everyone wants to visit your state."

Following is the personnel of the California local board: President, Mrs. E. G. Denniston, San Francisco; recording secretary, Mrs. Annie Little Barr, Berkeley; first vice-president, Mrs. A. P. Black, San Francisco; second vice-president, Miss Eva Fowell, Berkeley; corresponding secretary, Mrs. Frank Fredericks, San Francisco; auditor, Mrs. Wallace R. Pond, Berkeley; treasurer, Mrs. Emily Hopkin, Yolo; Mrs. Cora E. Jones, chairman of promotion committee.

CHANGES MIND ABOUT ENLISTING; IS PUNISHED

SAN FRANCISCO, June 14.—Because he accepted Uncle Sam's hospitality but refrained from adopting a respectful attitude and failed to carry out the wishes of his host, Ernest Lynn was sentenced to three months in the Alameda county jail and to pay a fine of \$50 in the United States District Court today.

Lynn had read the alluring announcement about the benefits to be derived from enlisting in the navy. He lived a considerable distance from San Francisco, so applied for money to be used for transportation to the recruiting office here. The sum was allowed, but on his arrival Lynn was lured away by the bright lights and the restless bustle of the big city and failed to join the nation's service. He was accordingly arrested and sentenced.

ERUPTION OF BELIEVES 'BIG JIM' WILL BE REFEREE

Promoter McCarey Insists That Jeffries Will Appear as "Third Man."

Begins Enlarging Pavilion for Wolgast-Rivers Fight at Vernon.

LOS ANGELES, June 14.—In spite of renewed assertions today that James J. Jeffries would not referee the Wolgast-Rivers championship fight at Vernon July 4, Promoter T. J. McCarey said he expected the former heavyweight champion to be the third man in the ring.

McCarey backed up his expressions of confidence by starting work on enlargement of the pavilion where the fight will be staged. The added seating capacity will be sufficient to accommodate a crowd of 11,000. Tom Jones, manager for Ad Wolgast, quieted fears that the fight would not occur, by stating that in his opinion the referee tangle would be straightened out satisfactorily and that although overtures had been made to the champion to fight in San Francisco, July Fourth, he felt confident that the bout with Rivers would be staged as scheduled.

PAY TELEPHONE BOX IS LOOTED

Mystery surrounds the "breaking open and looting of a pay telephone box that is located just inside the entrance of the county court house. The theft is supposed to have been committed sometime late yesterday afternoon. Although considerable violence had been used and probably much noise made, the persons made their escape. It is not believed that much coin was obtained as a collection had been made but a few days ago.

RECEIVES BURNS IN GASOLINE EXPLOSION

Accident Occurs While Workman Is Soldering Storage Tank.

C. A. Cronwell, proprietor of a motorcycle repair shop at 1117 East Twenty-eighth street, was burned about the face and hands shortly before noon today in a gasoline explosion which set fire to the premises. His injuries were not serious.

The accident occurred when Cronwell was soldering a leaking storage tank. The detonation was heard several blocks away and caused the quick escape of the workmen of the fire department. The loss is estimated at about \$50.

Teacher Ate With Knife, Picked Teeth With Fork

LOS ANGELES, June 14.—Justice Reeve has under consideration today a suit of a teacher for salary against an institution, the head of which made the counter charge that the pedagogical had eaten with his knife and therefore was not entitled to pay. Homer D. Scott was the teacher. He sued a school for boys, of which Thomas G. Adams was the head, for \$150. Adams started in court that Scott had eaten with his knife and had picked his teeth with his fork.

U. C. PROFESSOR TO TAKE BRIDE

Miss Grace Ethel Wickson to
Wed Dr. John Nivision
Force.

travels today told the engagement of Miss Grace Ethel Wikison, daughter of Mr. and Mrs. George Guest Wikison to Dr. John Nilsson Force, member of the University of California faculty in the department of hygiene and of the Berkeley Board of Health. Both are well known in local social and educational circles.

The bride-to-be is the niece of Professor E. J. Wikison of the university department of agriculture. She is a resident, living with her parents at 2726 College avenue.

The Force was graduated from the University of California in 1888, taking his medical degree three years later and his degree of master of science in 1910.

MANY LIFE BOATS ON S. P. VESSELS

Craft for Safeguarding Lives
Sufficient, Declares Rail-
road Company.

In response to many requests for information regarding the life-saving equipment on Southern Pacific liners plying between New Orleans and New York, which are often used by travelers from California over the Sunset route, the passenger department has issued the following statement:

"The Southern Pacific steamships are now and always have been equipped with a sufficient number of lifeboats to carry every passenger and member of the crew to safety in case of accident, which, by the way, is extremely unlikely, owing to the intimate knowledge of the route possessed by all officers employed. Each ship is equipped with wireless and is in touch with shore stations during the entire voyage.

In addition, notices are posted in all staterooms, public rooms and staterooms, showing the assignments of occupants to specific boats, and the boats are all plainly and conspicuously numbered, so that no mistake could be made. Fire and boat drills are held the first day out and at every port of call. The passengers are cordially invited to participate in these drills. Stewards always instruct passengers how to adjust the individual life belts and how to move through the water if necessary.

"These rules are not new, but have been in operation on the Southern Pacific boats for several years."

WIFE LIVED ON 25 CENTS A DAY

But She Decided It Was Too
Little and Secured a
Divorce.

Mamie J. de Silvera obtained an interlocutory decree of divorce from John V. de Silvera on her complaint that her husband cut her household allowance from 50 cents a day to 25 cents and put the greater portion of his wages in bank. In addition to that she said that he abused her and that she was forced to have other women stay in the house in order that she might feel safe. During the time they lived together she said that de Silvera had saved \$2000 by stinting her food supply.

Margaret Gegan testified that John Gegan had told her to get out of the house and never return. She was given an interlocutory decree. Because Charles Hirschler told his wife, according to her complaint for divorce, that "he would as soon kill her as look at her," Matzie Hirschler got tired of living with him, further declaring that he had accused her of being familiar with other men. Alleging desertion, Ova A. Justis filed suit against Ivan M. Justis and Marie P. Semler obtained an interlocutory decree from Rudolph Semler on similar grounds.

FRUIT GROWERS ADJOURN.
SANTA BARBARA, June 14.—Besides adjournment, today's program of the convention of the California Fruit Growers' Association contained ad-

dresses by F. J. McCoy of Betteravia, Dr. J. L. Elliott of Riverside, on the experimental station there, and by Dr. B. Lipman of Berkeley on soil bacteria.

RELIABLE HOME TREATMENT FOR WHISKEY AND BEER HABIT

The ORRINE treatment will completely and absolutely destroy the desire or craving for whiskey, beer and other intoxicants if taken according to direction. It is a simple and efficient home treatment. No detention from work or business, no publicity; no sanitarium expense. ORRINE is prepared in two forms. No. 1, a powder, tasteless and colorless, can be given secretly in food or drink; ORRINE No. 2, in pill form, is for those who wish to cure themselves. ORRINE costs only \$1.00 a box. If after a trial you fail to get any benefit from ORRINE your money will be refunded.

FORMER CASHIER IN COURT JUNE 18

LOS ANGELES, June 14.—Louis N. Seaman, formerly cashier of the Elgin National Bank, of Elgin, Ill., and now in the realty business in this city, will appear before United States Commissioner Van Dyke here June 18 to be given an examination on the charge of having embezzled and misappropriated the funds of the financial institution with which he was connected.

Pending the result of the examination Seaman is free under \$5000 bonds, which were provided by his sister and sister-in-law. He was arrested here three days ago.

JOCELYN ARRESTED.

CHICAGO, June 14.—Melvin C. Jocelyn, former assistant cashier of the Elgin National Bank of Elgin, Ill., was arrested today at his home and brought to Chicago by federal officers on a charge of embezzlement and misapplication of the funds of the bank. He waived examination and was held to the grand jury in \$10,000 bonds.

OAKLAND FIRMS GIVEN CONTRACTS

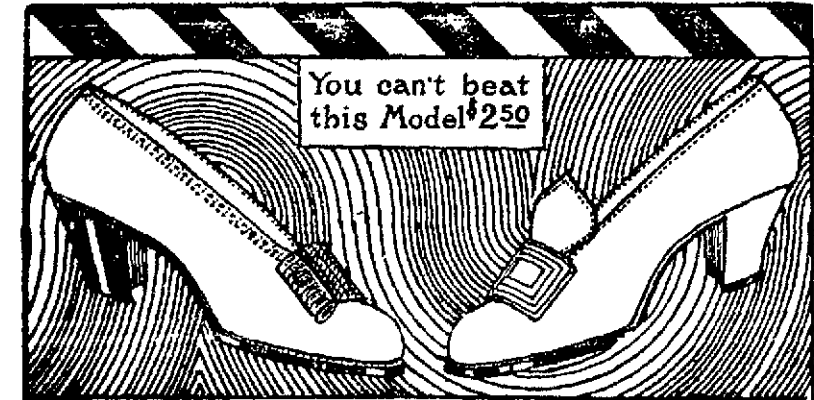

Two Local Houses to Supply
All Furniture for Hotel
Oakland.

Full contracts for all furniture to furnish the new Hotel Oakland were let this morning by the furnishing committee of that hotel, Elson F. Adams, chairman, to two Oakland concerns, Walter S. Mackey and the Jackson Furniture Company. Designs for the furniture will be controlled by Chief Designer Walter D. Miller and the furnishing committee, the two local houses constructing the equipment along the lines laid down for them. Adams and Victor Heller, manager of the hotel, will leave for the East in about ten days to select the furniture, the business end of the transaction being handled through the Oakland firms, who will receive the financial benefit of the

contracts. These involve a matter of some \$100,000. Bids for the china and silverware were yesterday sent out by the committee. These call for the best materials in both wares. Bids are to be called in within the next two weeks, when the great designed for the ware will be made public. Manager Heller was yesterday the recipient of congratulations from the French residents of Oakland on his choice for his new position. A party of some twenty five Franco-Americans appeared to greet him at the hotel, after which the party was taken through the new building.

'DEATH VALLEY SCOTTY' IN LOS ANGELES JAIL

LOS ANGELES, June 14.—'Death Valley Scotty' was yesterday committed to the county jail by Judge Craig for contempt of court in refusing to obey the court's order to pay the \$1247 judgment obtained against him by Dr. W. C. Lawton of the \$25,000 which, it is testified, he received June 1. He will also be forced to remain there until he decides to tell the court the truth about the disposition of the same \$25,000.

LOSES \$1200 IN SAME OLD COIN-IN-BOX TRICK

SAN FRANCISCO, June 14.—Giovanni Vivenco, a rancher from Courtland, is mourning the loss of \$1200 as the result of the old-time box trick successfully practiced with the aid of copious tears. Two strangers, asserting that they had been left \$75,000 by a rich uncle, told Vivenco that they would give \$12,000 of their estate to the poor and would place it in his hands. He agreed to put up his \$1200 as a guarantee of good faith and it was placed with the "\$12,000" in a tin box. Boxes were switched on him afterward and he found himself penniless.

POCKETS PICKED.

SAN FRANCISCO, June 14.—As Henry E. Moore, who arrived here yesterday from Australia, was walking down the crowded gang plank of the steamer Tahiti, some one stole his gold watch. He continued on his way to the Argonaut hotel and then notified the police.

WHERE ARE CHAMP CLARK DELEGATES?

Secretary of State's Office in Dark; No Alternates Appointed.

SACRAMENTO, June 14.—The secretary of state's office has begun to wonder what has become of the Champ Clark delegates and why they have not met to select their alternates and also to select an alternate in place of the late E. O. Miller, delegate from Bakerfield, who died since the presidential preference primary election. The California primary law provides that the delegates shall hold a meeting prior to leaving the state for the national convention and elect alternates. It has been announced that the special train over the Western Pacific will leave this state on next Monday for the run to Baltimore. If the Democratic delegation complies with the law, it must meet between now and Monday night and name the alternates and organize the delegation before crossing into the state of Nevada.

FORMER MAYOR OF OMAHA VISITS THIS CITY

Harry B. Zimmerman, a prominent attorney of Omaha, Neb., and formerly mayor of that city, is in Oakland on a brief visit. Zimmerman is taking a pleasure trip through California and while here is the guest of J. M. Loser.

AUTO STOLEN.

SAN FRANCISCO, June 14.—Erlding Silverberg of 1874 Washington street, reports the theft of his automobile from in front of 2805 Sacramento street at the intersection of the street, some time between 5 o'clock last night and 1 o'clock this morning. The car was a Hupmobile and the license number was 1745.

ANNOUNCEMENTS

FAILED TO HEAR CAR, IS HURT

Deaf Man Victim of Accident in the Busy City District.

With his eyes fixed on an automobile and a team which were coming down one side of the street, John F. Smith, a deaf man was hit by a street car and seriously injured yesterday afternoon.

This accident could have been avoided if the victim had been supplied with the new Globe Ear Phone.

This instrument enables a person otherwise totally deaf to hear with ease and comfort and can be seen at the Chisholm Optical Co., 185 Thirteenth.

SISTERS PLAN \$150,000 HOME

Public Aid Is Asked in Construction of Building for Aged.

Plans for a new \$150,000 building for the Little Sisters of the Poor to be constructed on East Fourteenth street near Twenty-sixth avenue have been approved. The ultimate success of the undertaking hinges on the generosity of the public, for the Little Sisters of the Poor have no funds of their own but depend entirely on public charity.

The plans for the new building call for a handsome brick and iron four-story fire-proof structure modeled somewhat on the lines of the home in the Richmond district of San Francisco.

Leo Devlin is the architect, and he has carefully provided in his plans for the particular work for which the structure is intended.

Five years ago the Little Sisters of the Poor came to Oakland and established themselves in a small building on Second and Webster streets, designating the 12-room house they occupied "The Oakland Home for the Aged."

The conditions for admission are that the applicant be of good character, destitute and over 60 years of age. No distinction is made as regards sex, creed or nationality. Seven sisters are now caring for 45 aged persons in this 12-room house.

The singular spiritual beauty of such a work has won appreciation from people in all walks of life and has enabled the Little Sisters to secure the necessary funds to complete their great work in an unobtrusive way.

It is the cherished hope that the public will also come to the assistance now of the building fund, which will enable the Little Sisters of the Poor to care for many more people and enlarge the membership of the order in Oakland to meet the necessities of the cause for which their lives are given. The smallest donation will be thankfully received.

ELKS PLAN TO BUILD COMMODIOUS HOME

RICHMOND, June 14 — Richmond Lodge No. 1551, E. O. E., have elected Fred Schram, and have also arranged for the raising of more funds for the construction of the Elks home on the property recently purchased by the order at Ninth and Macdonald by a sale of additional building stock among the members.

At a special meeting night before last \$500 of this stock was subscribed for which, in addition to the large fund already on hand assures the building of the proposed new hall a certainty in the near future.

ILLINOISANS WILL SEE STATE BOARD

California Society Arranges Reception for Home Visitors.

The Illinois Society of California entertained its friends Monday evening at Woodman hall.

The Rev. William Day Simons of the First Unitarian church spoke on "The Flag and What It Symbolizes."

L. W. Simmons of San Mateo, patriotic instructor for the G. A. R. addressed the society on the origin of the flag and of Flag Day, and told of his struggles to have the day observed.

"The Star Spangled Banner" was beautifully sung by Mrs. Alma Brooks, who responded to an encore by singing "Freedom's Flag."

A. T. Vogelzang gave the society a very interesting talk on the work of the Panama-Pacific Exposition Company, telling of the splendid advancement of the work, and inviting Illinoisans to be present at the exposition when the commission should arrive from Illinois, some time this week, to select the site for the Illinois exhibit.

The newspapers will publish the date and place of the dinner which it is proposed to give the members of the commission in Oakland and which all Illinoisans should attend. A. A. Denison of the Chamber of Commerce of Oakland and Professor Smith of Berkeley will assist in securing automobiles for a trip about the bay cities of Alameda county as soon as definite news is received of the arrival of the commission.

The rest of the program was as follows:

Mrs. Georgia Mullens sang "The Flag of Uncle Sam," being enthusiastically encored by Dorothy Gardner Smith of the Berkeley School of Dramatic Art, recited "Old Glory," and as an encore gave a humorous selection, "A Small Boy's Description of the Origin of the Flag."

Mrs. Hollingsworth sang a soprano solo, "The Garden of My Heart," followed by a quartet by Mrs. Alma Brooks and Mrs. Hollingsworth, Mrs. Dorothy Gardner Smith read "Drake's Address to the American Flag."

The next regular meeting for officers and members only will be held on Monday evening, June 24, at the home of Mr. and Mrs. W. G. Cannon, 16 Laurel avenue.

The annual picnic of the society will be held at East Shore Park, Sausalito, on Saturday, July 20. Basket lunches may be taken or lunch may be obtained at the park. There will be no charge for admission to the grounds.

Applications for membership to the society may be addressed to Mrs. A. E. Hall, the president, or Mrs. B. Plucher, Frontier secretary.

MY STARRS! THERE'LL BE SHOWER OF 'EM

NEW YORK, June 14 — New York will see Stars next week, for the Starr Family association will hold its annual reunion next Thursday. The American branch of the family was founded in 1845 by Dr. Comfort Starr, who was sent to be a physician to the Boston colony. He settled in Cambridge and became one of the benefactors of Harvard college, which is partly located on the old homestead. There are many distinguished members of the family, among them Louis Morris Starr, Starr J. Murphy, personal counsel to John D. Rockefeller, Mrs. Bishop Lines of Newark, Dr. David Starr Jordan and Professor Frederick Starr.

ANNIVERSARY OF C.L.A.S. OBSERVED

Branch No. 28 Celebrates Fourth Birthday With Luncheon.

Representatives of the Catholic Ladies' Societies of the bay region and San Francisco extended greetings to the members of Branch No. 28 at the fourth anniversary luncheon yesterday at Ebell club house. The guests were welcomed by Mrs. J. H. Mellon, president of the society, and chairman of the day, who presented Mrs. Don E. Campbell, first president of Branch No. 28, as the toastmistress. On behalf of the city, Mayor Frank K. Mott congratulated the organization in a brief address, saying in part:

"Oakland is favored by many associations working for the good of humanity, and the city and county are doing much for the cause, but they should be empowered to do more through the right channels. They do operate through the Associated Charities, but they should be enabled to work through associations which would be able to see to it that the funds are not wasted."

In an address, Mrs. P. J. Moore, grand president of the Catholic Ladies' Aid Society, gave its history, which dates back to 1887 in St. Mary's parish. Since that time thirty-three branches were established throughout the state. In emphasizing the humanitarian work of the society, Mrs. Moore said:

"It should be supported by all, because it has kept no record of any one's class or religion, helping all the needy who applied to it. She solicited the aid of all present for St. Margaret's boarding home for working girls in San Francisco."

PRESENTS REPORT.

Miss Mary Smith gave an account of the expenditures of Branch 28 and of the branches throughout the state. W. E. Gibson promised the co-operation of the Chamber of Commerce in the work, and urged the women not to lose heart in considering the problems to be met in consequence of the influx of people with the opening of the Panama canal.

Supervisor Mullins declared that none of the city's organizations was better equipped to handle the influx of people than the charitable organizations, as affecting the juvenile court, and the other guests of honor made brief speeches citing the connection of the charitable organizations with their various activities.

Toasts were responded to by the guests of honor. Major Frank K. Mott, Mrs. P. J. Moore, grand president, Mrs. D. F. Ragan, past grand president, John F. Mullins, chairman of the board of supervisors, Judge Frank B. Ogden, Mrs. Solomon Kahn, president of the Daughters of Israel Relief Society, Miss Beatrice McCall of the probation court, Miss Sarah Flynn of the Associated Charities, and others.

of Commerce Miss Mary Smith, grand secretary of the order, Rev. Father E. J. McKinnon, pastor of St. Augustine's church, and Mrs. James O'Connell, past president of Branch No. 28.

Among the members of the San Francisco branches in attendance were Mrs. Matthew McKenna, Mrs. Frank Mallett, Mrs. Marie Bender, Mrs. James Fennell, Mrs. Victor Etienne and Mrs. Samuel McFadden.

The musical program was furnished by Mrs. T. T. Fenton who sang a solo, "The Garden of My Heart," and Mrs. McKenna of San Francisco contributed several vocal selections, "Rise in Heaven" and "The Girl I Can My Sweetheart."

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors, which have changed it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once, but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruptions or diseases. Book on the blood and any medical advice free.

Bathing Girls Disport In Painted Ocean

A FEW OF THE BATHING GIRLS AT THE BELL THIS WEEK.

Girls and girls—plenty of them at the Bell this week, and all girly girls, especially the bunch, who cavort around Marguerite Power in her classy dancing and song ensemble.

Poster girls and bathing girls, and just plain, whirly girls who amuse and entertain you in many a diverting way. They step out of apparently insubstantial clouds and surprise you with their clever steps. They bathe in a painted ocean with all the splendor of the seaside nymph: in fact, they give you a performance well worth your time.

Send the children tomorrow and they'll enjoy it—not but what there is plenty of other attractions in this gala bill that you will enjoy yourself.

—Come tomorrow—Bring the children—And thoroughly enjoy the after-

PROMINENT MEN TO SEE RICHMOND

San Francisco Chamber of Commerce to Be There June 19.

RICHMOND, June 14 — Invitations to accompany the San Francisco Chamber of Commerce on its trade extension trip to this city, June 19, have been received by Mayor J. C. Owens, President T. D. Johnson and Secretary D. A. Knowles of the board of trade here and other committee men who will act as the reception committee for the Chamber of Commerce members on that occasion.

The booster body of the metropolis has decided to make the excursion its own event and has invited the local organizations and representative men to be its guests on the excursion day, but as a matter of fact the Richmond people are going to insist upon being hosts as well as guests, and are preparing to entertain the Chamber of Commerce men from across the bay in the same hospitable manner they have entertained other similar bodies.

The men who are coming represent many millions financially, and while the merchants and wholesalers of the Chamber of Commerce desire to push and enlarge trade relations, many are coming to look over the industrial and real estate fields.

An automobile parade to the factories around the water front and to Winehaven will be a part of the program, and dinner is to be served at the famous Winehaven hotel.

SCHOOL BUILDINGS PROGRESSING RAPIDLY

RICHMOND, June 14 — The cornerstone of the new Montana Avenue school house was laid this morning at 10 o'clock by the contractors, under the supervision of Superintendent W. Helms. As is the usual custom, copies of the newspapers of the city, documents, and other articles were placed in the block of granite.

The work on the walls of the Montana Avenue school building is now progressing rapidly. The school will be the most modern character in all its appointments having a total of 14 class rooms in addition to a large auditorium, and other features which will make it a model school structure.

The tenth street school building is also being pushed toward completion and will likewise be up-to-date in every particular. The cost of the two, including the sites, is \$160,000.

SUED FOR \$50,000 FOR DEATH OF BRAKEMAN

RICHMOND, June 14 — Claiming negligence on the part of the Santa Fe company for the death of Alonso Eugene Bitter, a rapidly rising young man, who was killed while in the company's employ, suit has been brought in the United States district court at San Francisco to recover \$50,000 damages for the family of Mott.

The complaint alleges that while climbing up the side of a box car Mott was struck by a freight train near the bridge over San Pablo creek near here and the company is charged with carelessness in permitting such a narrow space, three feet four inches, between the car and the bridge.

Ends Hunt for Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her search-hound complexion and ruby lips result from her pure blood. Her bright eyes from restful sleep, her elastic step from firm free muscles. All falling of the health and strength Electric Bitters give a woman and the freedom from indigestion, backache, headache, fainting, and dizziness they promote. Everywhere they are women's favorite remedy. Try or suffer try them. No 26 Capped.

BOARD UPHOLDS EDUCATIONAL BAR

Agent Denies Convicts Have Anything to Do With Weber Desks.

After arguing heatedly for an hour over the advisability of letting down the bars, the Oakland Board of Education last night voted five to two to sustain the present rules establishing the requirements for a teacher in the grammar schools of Oakland.

This conclusion was reached after the board had voted four to three in favor of an amendment by Director Boyls to a report of the elementary schools committee, the latter calling for four years' experience on the part of applicants who held only grammar grade certificates and were not graduates of a state normal school.

When it developed that the amendment virtually permitted a student who had graduated from grammar school to go into the country, teach two years, and then apply for a position as teacher in the Oakland school department, entitled to the same consideration as a university or normal school graduate, such a roar went up that the entire amended report went by the waste basket. Orr and Bronner joining forces with Directors Brown, Kelley and Forrest. Boyle and Cook stuck out to the end, contending that there were many worthy teachers who could not afford to attend a normal school or a university, and that two years' experience was just as good as four.

"In any business," said Forrest, "we judge a man by the years of experience he has in his profession. It would be folly to class an apprentice with a journeyman, but it's proficiency obtained through experience that makes the difference."

"I feel just as keenly for the working girl as anyone," put in Miss Annie Brown, the woman member of the board, "but I do not think we are an employment agency for the poor. We pay very high salaries, and we should be able to say with pride that Oakland's teachers are an intelligent, highly educated class of men and women."

City School Superintendent McClymonds declared heatedly that to cheapen the requirements for a teacher in the Oakland school department would work a great injury to the children, the city and the teachers themselves. He considered that to place university and normal school graduates on a par with the grammar school student with two years' experience as a teacher was an injustice. Dr. A. S. Kelley also spoke against the amendment. With the defeat of the report the present rules stand, giving the normal school student or university graduate, where specially recommended, the right to become a teacher without the four years' experience required from the grammar school graduate. Thus the cause of higher education is sustained.

CONTRACT IS LET.
The contract for grading and deepening the site for the addition to the Fremont high school was awarded to Whitmore & Erhart with a bid of \$2055. H. C. Miller, the only other bidder, asked \$2675.

The Taxpayers' Improvement Club was granted permission to hold its weekly meetings in Fruitvale school No. 2. Architect C. W. Dickey, who has made his peace with City Architect J. J. Donovan, appeared with the latter, and presented the preliminary plans for the \$100,000 addition to the Longfellow school. The plans were discussed and approved.

NOT CONVICT LABOR.
The sense of jubilation which the board experienced over the dismissal of the injunction suit against them in the matter of letting a contract for desks, was further heightened when A. H. Weber appeared before the board, armed with telegrams, and testified that there was no truth in the charges that convict labor was used by his firm in assembling their products. At the last meeting of the board a delegation of labor men stated that they understood this to be a fact, and the charge worried the directors considerably.

Leaves of absence for one year were granted to the following teachers, who are no longer in active service but wish to remain in the department in order to be eligible for pensions:
Margaret Wythe, Mary Teel, C. E. Mervin, Nellie M. Norman, Edna Young, Julie Hook, Myrtle Smith, Jeanne LeRoux, Laura Peterson, Maria Bradbury, Lottie Van Alstyn, Hattie G. Ayer, J. F. Chandler, Elizabeth Buckley, Olivea Rivard, S. Baumgartner, Patricia Borgensen and S. P. Borgensen.

Similar leaves of absence, but only until the close of next term, were granted Mike Murphy, Helen C. Willis, G. H. Playter, S. E. Craig, Laura Lloyd, Sue H. Dunbar and Clara E. Bailey.

We Are Not Selling Promises of FUTURE STREET WORK

On April 2 we let a contract to Bates, Borland & Ayer amounting to \$500,000.00 for street improvements in Richmond Annex. These improvements are being installed as fast as good workmanship will permit. Come out and see the large army of men and teams at work.

We Give These Improvements **FREE** TO EVERY PURCHASER

The improvements include a complete sanitary sewer system with outlets, oiled macadam paved streets, curbs, concrete gutters, cement sidewalks, water mains, storm sewers with catch basins and shade trees along the parking strip—they are all **FREE** to every purchaser in

RICHMOND ANNEX

The only fully improved, marine view subdivision at Richmond to give street work like you see in Piedmont and the residence parks of Berkeley.

Lots \$300 and upward Small down payment.

\$5 A MONTH

No interest or taxes to pay for two years.

From RICHMOND ANNEX you can reach San Francisco in 40 minutes, fare 10c—Oakland in 17 minutes, fare 5c—and University in Berkeley in 10 minutes, fare 5c.

How to Reach Richmond Annex

FROM SAN FRANCISCO—Take Key Route Boat and Piedmont train and get off at Ford City and San Pablo Avenue—or Southern Pacific broad gauge and California loop train to Fifty-ninth and San Pablo Avenue—Take "Richmond-Pullman" car going out San Pablo Avenue; it takes you direct to Richmond Annex. Be sure and ask the conductor to let you off at the County Line.

FROM OAKLAND—Take the Richmond-Pullman car on Broadway, which goes out San Pablo Avenue. This car runs along Richmond Annex for nearly a mile. Get off at the County Line.

Call at my San Francisco Office for FREE Ferry and Carfare to Richmond Annex.

HORSE SHOTS ITSELF; STEPS ON CARTRIDGE

SAN RAFAEL, June 14.—The same the National Guard coast artillery target practice at Fort Winfield Scott has shed San Rafael and even the horses doing it.

found his horse bleeding from a wound in the neck.
Upon investigation Smith discovered a number of 22 caliber cartridges on the ground, one of which the horse had pawed, causing it to explode.

REAR ADMIRAL ILL.
WASHINGTON, June 14.—Rear Admiral Charles E. Vreeland, aide for operations in the Navy Department, was removed to the naval hospital today, threatened with pneumonia.

YOU CAN HAVE STRONG NERVES

You WILL Make the Effort---In This, as in Other Things, Nature Helps Those Who Help Themselves

Weakness is unnecessary in a majority of cases. You are a nervous sufferer and willing to help yourself there is reason to become discouraged. Pure blood, fresh air, nourishment and a fair observance of laws of health are all that you need to restore the strength and vitality of your nerves. Live up to conditions and the nerves, brain, stomach, heart and liver will be in perfect working order. It is a new nerve tissue that is needed, plenty of nourishment. Any diet you can do to build up your health will strengthen your nerves. You will find Dr. Williams' Pink Pills for Pale People the greatest medicine ever. Free from any harmful or dangerous drug, they start to work at once, and enrich the blood, strengthening the stomach, carrying nourishment to every part of the body. Why not choose health by giving Dr. Williams' Pink Pills a thorough trial?

I thought it would make me insane. My appetite failed and my food did not digest properly. I had a very bad cough at one time and would often have to go to bed for three or four days.
I doctored with several physicians and although they helped me at times, I grew gradually worse. I read about Dr. Williams' Pink Pills for Pale People and began to get better after I had taken them only a short time. I took several boxes of the pills and never felt so well in my life as I do now. My husband is also a great believer in Dr. Williams' Pink Pills, as he finds that they give prompt relief in bilious attacks. We recommend Dr. Williams' Pink Pills to all who suffer.

Dr. Williams' Pink Pills for Pale People have cured nervous debility or neurasthenia, nervous headaches, nervous dyspepsia, sciatica, neuralgia, St. Vitus' dance and have given lasting benefit in partial paralysis and locomotor ataxia. Write for the free booklet, "Diseases of the Nervous System." It gives an interesting explanation of the treatment of nervous troubles with Dr. Williams' Pink Pills for Pale People and gives a number of actual cases which were cured by the pills.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50. By Dr. Williams Medicine Co., Schenectady, N. Y.

THRILLING VOYAGE RELATED BY BOY

Long List of Disasters Encountered During Six Months' Trip.

SAN FRANCISCO, June 14.—After passing through a strange series of misfortunes and disasters which shipping men say are the most remarkable ever encountered by any sailing vessel which put out from the Golden Gate and failed to return, the barkentine S. N. Castle arrived in port yesterday after a difficult passage of 20 days from Honolulu as the last leg of a six months' trading voyage to the South Sea Islands.

A synopsis of the log book of the Castle—the log by the way, being the only thing aboard that was not damaged—read about as follows:
Arrived at Fanning Island; blown on beach; attempted to leave, but struck a boulder which almost broke the ship's back; decided to go on for Washington Island; heavy squalls encountered; 75 fathoms of chain went with two more anchors, but vessel still afloat; sprung a leak; nearest safe port is Honolulu, enough disaster in those waters, a net course for Honolulu; arrived there and paid \$2000 in repairs on the drydock, apparently all is well again; when hatches are opened the 50-ton cargo of copra explodes; hull and deck and masts burned; safe at last, as we are within the Golden Gate, and here's hoping that we live to see ashore.

OFFER OF \$1,000,000 CANCER CURE UNCLAIMED

COLUMBUS, O., June 14.—Dr. L. M. Early died yesterday from cancer. His case baffled the physicians of the entire world. He offered \$1,000,000 for a cure, but in vain.

With it. He used it successfully in the treatment of many cases of cancer. But the early and imperfect X-ray machine did not afford the operator sufficient protection. The X-ray which he was using to cure cancers caused him to have cancers which he could not cure.

While still experimenting with the X-ray Dr. Early discovered a new photographic paper, and the Eastman interests now.

from himself and two partners for about \$3,000,000.

'ROBBER OF KOEPENICK' AGAIN PERPETRATES HOAX
BERLIN, June 14.—Wilhelm Voigt, "The Robber of Koepenick," a shoe-maker and ex-convict, who in 1906 visited Koepenick, posing as an army captain, arrested the Mayor and Burgomaster and sent them away under guard and then looted the town treasury, has succeeded again in hoaxing the newspapers. Yesterday's papers published a statement that Voigt, who served four years in prison for his escapade at Koepenick, had died in London on June 8. Voigt is very much alive. He, himself, spread the report for the purpose of again attracting national attention to himself.

Make Fredericksburg A Family Friend By Ordering A Case To-day

Fredericksburg Beer is a welcome beverage for the home because it is not only perfectly brewed and bottled but also because its ingredients are absolutely pure and of the highest quality.

Oaks Show Speed in Northland and Break String of Defeats by Beating Beavers

CY PARKIN PITCHES AND OAKS WIN ANOTHER GAME

Big Fellow Is Bumped, but Team Mates Give Him Excellent Support and Hit at Right Time

PORTLAND, June 14.—Dame fortune smiled on Cy Parkin and the rest of the fighting Oaks here yesterday afternoon. Barring one inning, the Beavers laced his shots and slants to all corners of the lot, getting fourteen hits all told, still the big fellow and his team mates got by with the long end of an 8-to-3 score. Boots and bobbles, coupled with the erratic hurling of big Higginbotham, is what helped the Oaks along.

Higginbotham pitched 175 balls in the nine innings, while Parkin had fourteen spread out over eight frames. He was tight in the pinches, too, and would have held the Beavers to a lone score tally to the ninth inning but for errors by Hedding and Mitze. Portland started off by securing a two-run lead in the second inning on a hit by Mahoney, Hedding's low throw to first and a double steal sending Mahoney across, and Fisher's drive to left tallying Bancroft.

Oakland tied the score in the third on a walk to Mitze, singles by Leard and Hoffman and two further walks by Higginbotham, the last forcing Mitze across the platter. Leard batted like a giant all afternoon, netting three hits and three runs.

OAKS HIT AT RIGHT TIME. Sharpe's men secured the marginal score in the fifth inning on Coy's sacrifice fly after Higginbotham's second hit to past him for a triple. Higginbotham had Leard trapped at third, and would have emerged unscathed but for a palpable miff of his loss by Lindsey.

From that time on the game was a procession, the Oaks securing two more runs in the seventh on three hits and a walk. Portland had men on bases every inning but the eighth, but could not fashion Parkin's deceptive slants when his mound runs. A grounder to short by Chadbourne and a corking double by Lindsey gave the Beavers their final tally in the ninth. This week's games are starting at 4 o'clock daily on account of festival attractions. Three thousand fans saw yesterday's game.

AROUND THE BASES

Oakland took a brace yesterday in the northland and landed on Mr. Higginbotham just when the bingles would do the most good. Three in the seventh and three in the eighth put the game in clover for the Oaks.

Cy Parkin had the horseshoe yesterday but at the one must give his team credit for being behind him in the tight places. Three runs on fourteen bingles shows that somebody, other than the pitcher, is getting on base.

Bill Leard broke into the hit and run column with a single yesterday. He made three of the while one of the bingles went for three stations.

Hoffman laced out a couple and gave evidence that he is getting back the batting eye that was lost for several weeks. Both his hits yesterday were timely and helped the Oaks win.

Coy came back to the game and laced out a double and a long fly that was good enough to send a man over the rubber.

Our old hitting friend, Gus Hedding, has now gone two games without finding a safe spot in which to drop the pellet and in consequence he is somewhat peeved.

In field chances were few and far between with the Oaks yesterday. Leard had two assists, Cook one and Parkin three, which was the sum total of their assists.

Lindsey and Mahoney were the hitters for the Beavers yesterday and between them gathered one-half of what Portland made. They were of little use though, at that.

Higginbotham was as wild as a March hare, while old-timer Cy didn't issue a pass to first. Those passes were costly, for they put men on for the Oaks to chase around with bingles.

C. Baum went to the mound against the Beavers yesterday and received a bumping that put him into the discard heap. Funny how that fellow C. Baum

MAYOR OF CHICAGO IS AGAINST ANY KIND OF GAMBLING

CHICAGO, June 14.—Mayor Carter Harrison sent to the city council at last night's meeting an ordinance which is meant to sound the death knell of the circulation of race track information in the city.

The ordinance would prevent the sale or distribution in any manner of papers containing information, racing odds or advice commonly known as "tips" to betters on horse races.

HE IS ON HIS WAY

NEW YORK, June 14.—Because he is not fighting in his best form, and besides is not in the best of health, Matt Wells, the English lightweight champion, announced that he would sail for England on Tuesday on the steamship Lusitania.

Wells says that he intends to return to America again in September, and will be ready to take on all the topnotch lightweights in this country.

BAD LUCK FOLLOWS STANFORD MEN BACK EAST

Non-Arrival of Racing Shell at Poughkeepsie Puts Dampers on Cardinal Oarsmen.

POUGHKEEPSIE, N. Y., June 14.—The rowing crew from Leland Stanford University, after a journey from California to compete in the annual regatta in the Poughkeepsie regatta, found themselves in a predicament yesterday.

A boat ago they ordered a Sims shell built in England and it was to have been in New York on their arrival here. From all accounts the boat grounds seem to have been delayed in England by the dock strikes.

They were defeated, not having been on the water for seven days and they watched the Columbia and Cornell crews at practice with solemn faces. The Cornell freshmen shell was turned over to the visitors for practice. Coach Courtney of Cornell commented favorably on their splendid physical condition.

The Californians will row in the Cornell shell again tomorrow.

CORK CENTER BALL IS GIVEN MERRY LACING

NEW YORK, June 14.—All the major league players getting the "home run" habit. Never in any previous season have there been so many circuit clouts regaled.

A year ago they ordered a Sims shell built in England and it was to have been in New York on their arrival here. From all accounts the boat grounds seem to have been delayed in England by the dock strikes.

They were defeated, not having been on the water for seven days and they watched the Columbia and Cornell crews at practice with solemn faces. The Cornell freshmen shell was turned over to the visitors for practice. Coach Courtney of Cornell commented favorably on their splendid physical condition.

The Californians will row in the Cornell shell again tomorrow.

BANK CLERKS WILL CHASE THE SPHERE

DE ORO IS WINNER IN POCKET BILLIARD TOURNAMENT

TRENTON, N. J., June 14.—Alfred De Oro, challenger for the world's championship at pocket billiards, defeated Edward I. Ralph of Hightstown, N. J., in the final block of 200 points last night and won. The score last night was 50 to 17 and the grand total for the three nights' play was: De Oro 600; Ralph 408.

PRINCETON WINS FROM YALE ON BALL FIELD

NEW YORK, June 14.—Princeton defeated Yale and won the baseball series of 1912. Score: Princeton 10, Yale 6.

YANKS SIGN A BACKSTOP

NEW YORK, June 14.—Catcher Sterrett of Princeton has signed with the New York Americans. He has a record as a hard hitter.

JONES ASSURES FANS THAT WOLGAST WILL MEET RIVERS

LOS ANGELES, June 11.—"The Wolf-gast-Rivers fight will positively take place as originally announced, and there will be no further disputes over the matter of selecting the referee," said Dan Jones, manager of Ad Wolgast late last night.

The referee matter was settled within a very short time and to the satisfaction of all concerned, continued Jones. "Reports of the possibility of a misunderstanding between myself and the other side are not true. These two boys are to furnish the public with the greatest battle the ring has ever seen, and it cannot be spoiled by any preliminary wrangling over the selection of a referee or anything else."

Jones would not state positively that James J. Jeffries had been decided upon as the arbiter, but neither would he deny it. Although it was announced during the day that Jeffries had been selected, there seemed to be a feeling that some one else might possibly be chosen, though no one in authority could be found who would venture an opinion as to who it would be.

BERG AND KAUFMAN AT WORK.

Al Kaufmann, with the vision that he is still a white hope, donned the gym togs out at Al White's place yesterday morning and began the grind of conditioning himself for that four-round bout he is to contest with Big Charlie Miller, the motor-man, a week from tonight at Dreamland. Rink before the Billy Kline club.

It is the gym at the same time, tussling with Salter 24, Petroskey before the Oakland Wheelmen's Club in the main event of a carnival of boxing on the night of June 26. Nearly two weeks away, neither man did any real hard work, but commencing Sunday the fur will begin to fly.

McKee, who will act as sparring partner for both wasn't anxious to work until he had finished his argument at Dreamland pavilion this evening.

FITTING IN FINE SHAPE.

There should be plenty going at Dreamland ring this evening for Frank Shuler has made up an attractive card for the University Club. Several fast and clever men, veterans and new comers are on the bill and action is promised all the time.

One of the special events will be the Jimmy Fitten-Antone LeGrave match and if the Oakland boys gets by with the rough and ready butner he will be in position to demand bigger game. He is in fine fettle and looks fit to go a million rounds.

Harry Carrese, who is to box Dave Mills, is so confident of winning that he instructed Charlie O'Connor, who is attending his training, to make articles calling for the winner to take all Carrese has a powerful punch which he is banking on to win. This is the latter, as every follower of boxing knows, is a fast, scientific boxer.

One of the youngsters from the Capital City, is highly touted by those who have seen him in action and he had for him to win from Ray Baughman.

While Canale is very anxious to make good in his initial bout since his arrival from the East, and for the past week has been hard at work training for his fight with Jimmy Fitten, this fight will be the principal event on the bill of fare. Canale appears to be on the edge and it is to be expected that he will give every second of the time he is in the ring.

There are also several other bouts on the program. Frank Shuler will do the refereeing and Honest Jack Lane will handle the seats, so the fans need have no fear of being bunked.

YACHTSMEN PREPARED FOR ANNUAL RACE TO FARALLONES

Yachtsmen are looking forward eagerly to the Lillooee race, which is scheduled for next Sunday, under the auspices of the San Francisco Yacht Club, although curiously enough, there is not entry from that club in the race. The trophy is known as the "J. G. Phillips" cup and must be won twice by any boat before it can be considered the possession of the owner. Two yachts, the Yankee and Harpoon, both entered in Sunday's race have already won it on the trophies and great race is expected between the pair.

If J. P. Packer, who won the race last year with the Harpoon, will again come and his crew will consist of Dr. A. H. Lewis, H. Owens and Truelson, in addition to a couple of professional sailors who always accompany him in important races. It will be remembered that Packer was highly commended on his handling of the boat last year. Packer had plenty of experience in Lillooee waters before coming to the Coast.

The Yankee, owned and handled by Ross Wright, has also a leg on the trophy and is expected to make the race in 1912, and he is conceded a good chance by the Corinthian fellow members of reporting, most of the danger being promised him by his rival on the Harpoon. The other boats entered, members of the Corinthian Club are Dr. Hirsch's Nixie, Louis Holmes' Fulton 2 and Bob Murray's Thistle.

All the boats are measured under the universal rule, and the handicaps will be given to the skippers in sealed envelopes just before the start of the race.

The starting gun will be fired from a stake boat between Lime Point and Port Point about 4 o'clock in the morning and the boats are expected to make the point trip to the islands in about eight hours, although this time has never been made in the past. A time limit of fifteen hours has been placed on the event by the regatta committee, but with anything like normal conditions every one of the competitors will cross the finish line before the completion of this period of time.

GOVERNOR OF ARIZONA VETOS BOXING BILL

PHOENIX, Ariz., June 14.—Governor Hunt vetoed the bill permitting 24 round prize fights in Arizona, yesterday. In a message to the legislature, he said that he believed the bill was a step toward the sanction of a move to retrograde steps toward the long since abandoned anarchy of travel.

MEADOW LARK DESTROYS PESTS

Also Bird Eats the Kernels of Sprouting Oats and Wheat.

(By H. C. BRYANT,
In Charge of Bird Investigation for Fish and Game Commission)

It is a well known fact that California with its mild climate and fertile soil is a most favorable place for the raising of grain. In order of economic importance insects naturally come first. Any bird which tends to keep in check the great hordes of injurious insects must be considered a direct benefit. Probably next to insect parasites, birds are the most important factor in checking the increase of insects. This brings about an important problem the solution of which, to say the least is difficult. For on one side we have certain birds which act as checks on insects and on the other side the same birds causing considerable loss by their depredations in the orchard and grain fields.

One of the most noted birds belonging to this general class is the meadow lark. That its depredations in grain fields are not must become evident when it is known that in the last two legislatures this bird has been introduced for protection against the sprouting of grain. The continual complaint against this bird by ranchers and the strong defense of the bird by others caused the fish and game commission to take up a scientific investigation into its food habits.

TESTS ARE MADE.

As the only fair test of the value of a bird to the people of California is a thorough knowledge of the food habits of the bird throughout the year, it was determined to obtain this knowledge by field work supplemented with stomach examination of birds taken in many different parts of the state each month in the year. Many interesting things that have been demonstrated in the work thus far are of general interest.

Abundant proof of the depredations of the meadow lark in the grain fields has been afforded by the stomach examination. Birds taken during the winter months are found to contain little else than grain. As many as thirty kernels of oats with enough hulls to account for as many more grains have been found in a single stomach. In the field investigation it has been found that the birds prefer oats and often do considerable damage to a field, especially where the birds are numerous and the amount of grain small. It is indeed astonishing to see the skillful way in which the birds follow the drill and digging down beside the sprout, pull out the kernel. Two fact that meadowlarks damage a field only when the sprout is just coming through the soil and not after it has reached a height of two or three inches, makes the period of time during which damage can be done of short duration. The fact that oats and wheat are the only grains damaged to any extent also minimizes somewhat the amount of damage done.

QUESTION FOR SCIENTISTS.

After the presentation of this side of the bird's life the question naturally arises. Can the meadowlark possibly pay for the damage done by destroying injurious insects which would also cause loss to the rancher. The investigation has not progressed far enough to admit of a final answer. However, some definite statements can be made as to the value of the meadow lark as a destroyer of injurious insects. Stomach examination has shown the food of the meadowlark to be made up largely of beetles, cutworms, grasshoppers, crickets, ants, and wood crickets (commonly called Jerusalem crickets).

WORMS DESTROYED.

As a destroyer of cut worms and grasshoppers the meadowlark is probably unequalled by any other bird. As many as sixty-six cutworms have been found in a single stomach and as many as thirty pairs of mandibles of grasshoppers. When it is known that the time of digestion of these insects is only two to three days, it becomes very evident that the number of these injurious insects destroyed in a day is very great. It thus appears that the birds in the same locality where they do damage, later on perform a valuable service in exterminating insects which are well known as destroyers of grain.

It will be noted that there has been no attempt made to take either side of the question but rather to simply state facts. The thorough knowledge of the food habits of the meadowlark which will be available when the investigation is completed will certainly furnish abundant evidence as to the real value of this bird.

WOMAN AIDS FIVE MEN TO ESCAPE

Seamstress in Auto Carries Off Prisoners, But Is Captured.

CHICAGO, June 14.—Mrs. Della Lawrence, a seamstress, 25 years of age, yesterday aided five prisoners to escape from the guard house at Fort Sheridan, where they were held awaiting a transfer to Fort Leavenworth.

She rented an automobile and drove it near to the guard house at an appointed time. When the prisoners saw the machine coming they broke down a door, eluded the guards, leaped into the machine and sped away.

Several hours later after a company of soldiers had been called out in pursuit, the woman was arrested on an elevated train bound for Chicago. She and one soldier had left the party shortly after the machine reached Evanston. She attempted to leap from a window to avoid arrest. A man believed to be one of the escaped prisoners jumped from the train when soldiers took Mrs. Lawrence into custody.

LIVESTOCK EXCHANGE ELECTIONS. PORTLAND, June 14.—With a number of addresses yesterday on a wide range of subjects and election of officers, the National Livestock Exchange held its meeting in this city to an end yesterday.

The following officers were elected: President, A. F. Daly, St. Joseph, Mo.; Vice-president, O. M. Plummer, Portland, Ore.; Treasurer, W. A. Moody, East St. Louis, Ill.; Secretary, R. P. Woodbury, Denver, Colo. St. Joseph, Mo., was chosen as the meeting place for 1913.

HENRY L. WILSON WEDS GIRL OF 18

Author and Playwright Takes Helen McGowan Cooke as Bride.

SAN FRANCISCO, June 14.—Such a prodigious wedding feast has come to Carmel, Cal., the scene of the marriage of Henry L. Wilson, author and playwright, and Helen McGowan Cooke, 18-year-old daughter of Grace McGowan Cooke, is a living breathing romance carrying Daniel's realism and Shakespeare's rapture into present day life in a sane and delightful manner.

The marriage ceremony was performed yesterday morning at the Hotel Steward where Mrs. Cooke and her daughters have been staying for two days, shopping and making very quiet preparations. Wilson was in town also during the days of a rainy, mysterious and almost sultry July, leaving a "not in" notice at the Bohemian Club.

These artists in words and emotions are not much for parading their heart affairs. It is Mr. and Mrs. Henry L. Wilson now that is the story. They left for "Ocean Home" almost immediately after the ceremony, which was performed by Judge Frank Johnson. Hardly an one in the hotel knew what was going on. The only persons present besides the chief ones were Mrs. Cooke, K. Verchot, an artist friend of Wilson.

'BETTER USE FOR MONEY'—EDISON

Wizard of Menlo Park Denies He Made \$2,500,000 Gift to Boston "Tech."

ORANGE, N. J., June 14.—Thomas Edison emphatically denies that there is any truth in a report that he was the donor of the \$2,500,000 fund recently given by someone to the Massachusetts Institute of Technology. Boston. The inventor says that he has a better use for his money.

"Of course, I did not do any such thing," said Mr. Edison, with emphasis. "I have better use for my money. I can use my money to a thousand times better advantage than any college in the country."

Edison then told how people were constantly applying to him for donations for various charitable, benevolent and educational institutions. "People come to me and ask for \$1000 or \$1500 for this or that," said the electrical wizard. "I don't give it to them because I can use it better in experiments that are likely to work out something good for mankind."

"If I had a billion dollars, I wouldn't make such a gift as you speak of. Let Rockefeller and Frick and the others who have so much money that they don't know what to do with it give their millions to the colleges if they want to. I have better use for mine."

HERRIN RETURNS FROM TRIP EAST

Has No Statement to Make Concerning Oil Land Cases.

SAN FRANCISCO, June 14.—William F. Herrin, chief counsel and vice-president of the Southern Pacific, returned to San Francisco last night from New York, accompanied by his two daughters, Katherine and Alice, who have been attending school in the East.

Herrin departed from San Francisco shortly after President William Sproule General Wicksman and his entire staff to confer with Judge Robert S. Lovett, chairman of the Harriman executive committee, and arrived in New York at about the same time that Sproule began his return journey. Two of his staff chiefs did not meet, but Herrin followed Sproule into conference with Lovett. It is said, although the nature of the conference has not been divulged.

Herrin denied last night a report that he had gone East to arrange for a public statement to be given out by the railroad which would set forth the carrier's attitude on the recent suits instituted by the Government through Attorney-General Wicksman and his staff to recover thousands of acres in the Elk hill district alleged to have been obtained by the railroad fraudulently.

"My visit East, in so far as business was concerned, was of an official nature and of a nature concerning the railroad alone," said Herrin last night. "I have no announcements to make in connection with the oil land cases, and I am anything but sure that would be of interest to the public."

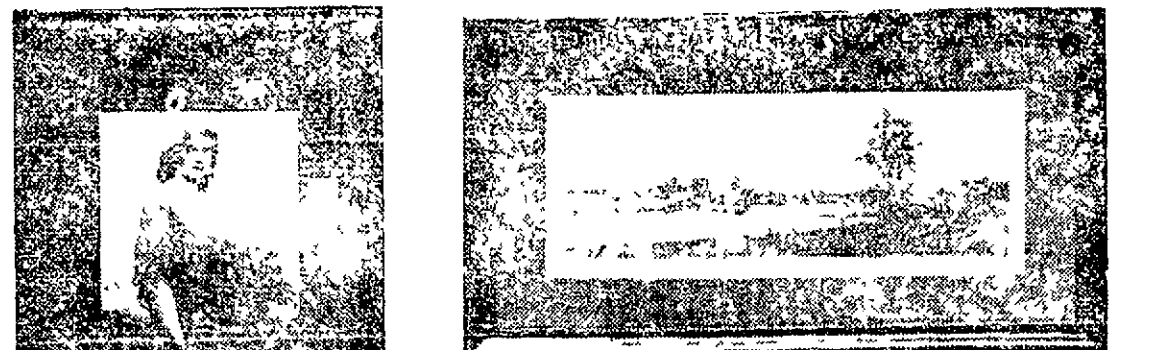

HARTSOOK'S GIFT TO PATRONS

Pony and Cart to Be Given Away July 3.

Mr. Fred Hartsook, the popular local photographer, with studio at Fourteenth and Jefferson streets, is going to give to one of his many customers a splendid pony and two-wheeled trap. This gift is to be presented July 3.

Mr. Hartsook gives a number with every dollar's worth of work ordered before July 1, also with any outstanding orders. The gift may be honored before that date. The business is to be given to the holder of the certificate on July 3, 1912.

PROFESSOR TO AID IN STAGING PLAY

William Popper of University of California Will Help Produce "Toad."

CARMEL-BY-THE-SEA, June 14.—Professor William Popper, Egyptologist of the University of California, will have charge of the matter of seeing that there are no anachronisms in the presentation of "The Toad," this summer's Forest Theater drama. The scene of "The Toad" is laid in the walled city of Acortis, on the Nile, and the time of its action is some 3000 years before Christ. That no serious irrelevancies may creep into the performance in costumes, properties, manners or customs, Professor Popper has consented to attend rehearsals of the play and advise with Carmel Holme the producer, in all matters where his great knowledge of this little known time, may be of advantage.

This week sees the beginning of rehearsals of the historical pageant which is to be presented on the afternoon of the Fourth of July. The first episode, written by Grace McGowan Cooke, deals with the early California Indians prior to the advent of the whites. Episode two goes across the waters to Milan where Cardinal Carlos de Borromeo has driven out the plague in 1629 the deed for which afterwards he was sainted, and which resulted in Charles having a Mission named San Carlos. The third episode is in the disappointing relinquishment of the exploring expedition of Caspar de Portola in 1761 while the fourth shows the death and burial of President Junipero Serra in the Mission of San Carlos. These last two episodes occurred almost upon the spot where the little dramas will be played. The fifth episode is an allegorical presentation of California in her day of triumph, 1912, receiving the nations of all the world.

Seats for 2000 people are being constructed on the hillside in front of the pagoda grounds and it is hoped that as many more may be built so that the bulk of the large crowd may see the spectacle in comfort.

MAGNATE'S YACHT SEIZED. NEW YORK, June 14.—The \$500,000 yacht "Vesper" owned by Henry Clay Pierce, the oil magnate, was seized in Erie basin yesterday after a long search by Deputy Sheriff Bullock to satisfy a judgment for \$171,143, obtained by Alice G. Ryecroft in the supreme court of New York county last February. A stay of execution was secured by J. M. Marshall in behalf of Pierce, and the matter will be argued in Brooklyn tomorrow. Mrs. Ryecroft charged that Pierce took money from her to invest, but did not follow her instructions and lost the money.

HER HANDS AND ARMS MADE MARVELOUSLY BEAUTIFUL IN A SINGLE NIGHT

FREE PRESCRIPTION DID IT

Grace Benson says: "Had anyone told me such wonderful results could be accomplished so quickly, I positively would not have believed it. My arms and hands were covered with freckles, my neck was dark and wrinkled from the use of high collars, my hands were tanned and the knuckles red."

"All these defects were removed by one application of a free prescription, which I am pleased to give to anyone. It's just as simple as it is effective. Go to any drug store and get an empty two-ounce bottle and a one-ounce bottle of Kuxol Compound. Pour the entire bottle of Kuxol into the two-ounce bottle and add one-quarter ounce of witch hazel and fill with water. Prepare this prescription at your own home, then you know you are getting it right. Apply night and morning. It makes the skin soft and beautiful, no matter how rough and unattractive your hands and arms are. One application will astonish you. I have given this prescription to thousands of women and they are all just as enthusiastic as I am. Try it on your neck and shoulders and you will be agreeably surprised."

JENKIN FIXTURE COMPANY

ON OPENING NEW SALESROOMS OFFERS VALUABLE PRIZES

Progressive Firm Advances With City's Prosperity Showing Extensive Improvements and Increased Facilities

The Jenkin Fixture Co., in keeping with the city's advancing prosperity, have enlarged their salesrooms and factory at 411 20th street under the personal management of Mr. Joseph H. Jenkin. The firm has grown to such proportions that increased facilities and larger quarters are required. Mr. Jenkin has peculiar ability for individuality in designing and forming original ideas in lighting effects.

Tomorrow, Saturday, evening will be opening night, and although as many invitations have been mailed as the limited time has allowed, the public is cordially invited to attend. The prize feature of the evening will be the drawing at 10 o'clock for three valuable gifts, viz., a complete set of fixtures for a five-room cottage, a large, beautifully designed dining-room dome and a portable table lamp. Each and every person will be presented with a numbered coupon at the door, which entitles the holder to participate in the drawing to be held later in the evening.

The new salesrooms are tastefully equipped as a studio. One room is richly finished in white and gold, showing the excellent lighting effects obtainable under such conditions. Another room is the silver room, also artistically arranged as to lighting effects. Further on is a room showing a miscellaneous assortment of high-class expensive lighting fixtures.

In the factory is an entirely new equipment for making, finishing and furnishing any class or design of fixture that may be desired. The plating plant deserves individual mention, as this innovation practically brings all the possibilities in lighting effects within the scope of this one factory. The Jenkin Fixture Company is prepared to give all information and advice required as to lighting effects for any home. Telephone their plans, or call to have a visit.

Don't forget that tomorrow, Saturday, evening is opening night in the new quarters.
